

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Murad Daana
DOCKET NO.: 23-29277.001-R-1
PARCEL NO.: 27-05-309-011-0000

The parties of record before the Property Tax Appeal Board are Murad Daana, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,083
IMPR.: \$45,742
TOTAL: \$57,825

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 2,705 square feet of living area. The dwelling is approximately 25 years old. Features of the home include a full basement, central air conditioning, 2 fireplaces and a 3-car garage. The property has a 16,111 square foot site and is located in Orland Park, Orland Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on eight comparables located within the subject's assessment neighborhood and within 0.18 of a mile from the subject. The comparables consist of class 2-78, 2-story dwellings of masonry or frame and masonry exterior construction ranging in size from 2,912 to 3,626 square feet of living area. The homes

are 22 to 30 years old. The homes have partial or full basements with one having finished area, central air conditioning, 2 fireplaces and a 3-car garage. The comparables have improvement assessments ranging from \$39,110 to \$55,536 or from \$10.79 to \$15.68 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$57,825. The subject property has an improvement assessment of \$45,742 or \$16.91 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables located within the subject's assessment neighborhood and within the subject's block or approximately $\frac{1}{4}$ of a mile of the subject. The comparables consist of class 2-78, 2-story dwellings of frame and masonry exterior construction ranging in size from 2,604 to 3,127 square feet of living area. The homes are 26 to 30 years old. The comparables have partial or full basements, a fireplace and a 3-car garage. Two comparables each have central air conditioning. The comparables have improvement assessments ranging from \$44,564 to \$54,073 or from \$16.99 to \$17.98 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted twelve suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2, #3, #5, #6, #7 and #8 as well as the board of review's comparables #3 and #4 which are less similar to the subject in dwelling size than the other comparables in the record.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are overall most similar to the subject in location, age, dwelling size, and most features. These four comparables have improvement assessments ranging from \$43,942 to \$46,676 or from \$15.09 to \$17.11 per square foot of living area. The subject's improvement assessment of \$45,742 or \$16.91 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
