

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kyle Gams
DOCKET NO.: 23-29393.001-R-1
PARCEL NO.: 14-30-203-012-0000

The parties of record before the Property Tax Appeal Board are Kyle Gams, the appellant, by Dora Cornelio, attorney-at-law of Schmidt Salzman & Moran, Ltd. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$39,062
IMPR.: \$101,873
TOTAL: \$140,935

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with of a two-story dwelling of frame construction containing 2,914 square feet of living area. The dwelling is approximately 9 years old. Features of the property include a full basement with a formal recreation room, central air conditioning, two fireplaces, 3½ bathrooms and a 2-car garage. The property has a 3,125 square foot site located in Chicago, Lake View Township, Cook County. The subject is a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables comprised of class 2-78 properties improved with 2-story dwellings of frame or masonry exterior construction that range in size from 2,660 to 3,177 square feet of living area. The homes are 16 to 23 years old. Each property has a full basement, four with recreation

rooms. Every comparable has central air conditioning, 2½ or 3½ bathrooms and a 2-car garage. Three comparables have one or two fireplaces.¹ These properties have the same neighborhood code as the subject property. The improvement assessments range from \$59,250 to \$70,148 or from \$21.90 to \$22.30 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$64,341.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$140,935. The subject property has an improvement assessment of \$101,873 or \$34.96 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables consisting of class 2-78 properties improved with two-story dwellings of frame construction that range in size from 2,636 to 2,802 square feet of living area and are 7 to 10 years old. Each property has a full basement with a formal recreation room, central air conditioning, two fireplaces, two or three full bathrooms, one or two half bathrooms, and a 2-car garage. These properties have the same neighborhood code as the subject property and are in the same block and along the same street as the subject property. The comparables have improvement assessments ranging from \$100,669 to \$111,625 or from \$37.59 to \$42.35 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the board of review comparables that are more similar to the subject property in location and age than are the comparables submitted by the appellant. The evidence disclosed that the board of review comparables are in the same block and along the same street as the subject property. Conversely, the appellant indicated "unknown" as to the proximity of his comparables to the subject, which detracts from the weight given the appellant's comparables. The comparables provided by the board of review also very similar to the subject property in features with the exception that one comparables has ½ more bathroom than the subject and one comparable has 1 less bathroom than the subject. The board of review comparables have improvement assessments that range from \$100,669 to \$111,625 or from \$37.59 to \$42.35 per square foot of living area. The subject's improvement assessment of \$101,873 or \$34.96 per square foot of living area falls within the range of the total improvement assessments but below the range on a per square foot of living area basis as established by the best comparables in this record, supporting the conclusion the subject property is being equitably assessed. Based on this record the Board finds the appellant did not

¹ The appellant submitted copies of the Cook County Assessor's Office property characteristics for the comparables from which descriptive information was verified or obtained.

demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
