

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeffrey Becker  
DOCKET NO.: 23-29395.001-R-1  
PARCEL NO.: 14-31-209-026-0000

The parties of record before the Property Tax Appeal Board are Jeffrey Becker, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$15,000  
**IMPR.:** \$97,679  
**TOTAL:** \$112,679

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry exterior construction with 2,730 square feet of living area. The dwelling is approximately 17 years old. Features of the home include a full basement with finished area, central air conditioning, two fireplaces, 3½ bathrooms and a 2-car garage. The property has a 3,000 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within the subject's assessment neighborhood code. The comparables are composed of class 2-78 two-story dwellings of frame, masonry, or frame and masonry exterior construction, ranging in size from 2,466 to 2,964 square feet of living area. Four of the homes

are approximately 18 or 19 years old, with one property's age being unknown. Each property has a full basement with finished area, 2 or 3 full bathrooms, with four having an additional 1 half bathroom, central air conditioning, and a 2-car garage. Four dwellings each feature either one or three fireplaces. The comparables have improvement assessments that range from \$42,875 to \$51,000 or from \$15.49 to \$20.15 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$48,621 or \$17.81 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject at \$112,679. The subject property has an improvement assessment of \$97,679 or \$35.78 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood code and within either ¼ of a mile or on the same block as/from the subject. The comparables are composed of class 2-78 two-story dwellings of masonry or frame exterior construction ranging in size from 2,441 to 2,660 square feet of living area. The homes are approximately 1 to 17 years old. Each property has a full basement with finished area, 3 ½ or 4 bathrooms and central air conditioning. Two dwellings each feature either one or two fireplaces and two dwellings each have a 2-car garage. The comparables have improvement assessments that range from \$92,025 to \$108,000 or \$36.15 to \$40.88 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The Board assigns reduced weight to the appellant's comparables as their distance to subject is unknown, and the board of review's comparables #1 and #2 which differ substantially from subject in age and/or lack a garage, which is a feature of the subject property.

The Board finds the best evidence of assessment equity to be the board of review's comparables #3 and #4 which are more similar to the subject in location, design, dwelling size, age, basement, garage amenity and other features. The comparables have improvement assessments of \$92,025 and \$108,000 or \$37.70 and \$40.88 per square foot of living area. The subject's improvement assessment of \$97,679 or \$35.78 per square foot of living area falls between the bracket of the two best comparables established in the record in regards to overall improvement assessment and below the bracket when considering on a per square foot of living area basis. Based on this

record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
