

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Stephen Mancini  
DOCKET NO.: 23-29458.001-R-1  
PARCEL NO.: 14-30-403-216-0000

The parties of record before the Property Tax Appeal Board are Stephen Mancini, the appellant, by Dora Cornelio, attorney-at-law of Schmidt Salzman & Moran, Ltd. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$15,435  
**IMPR.:** \$57,143  
**TOTAL:** \$72,578

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a three-story dwelling of masonry exterior construction that contains 2,247 square feet of living area. The dwelling is approximately 13 years old. Features of the property include a full basement with a recreation room, central air conditioning, one fireplace, 2½ bathrooms, and a 2-car garage. The property has a 1,029 square foot site located in Chicago, Lake View Township, Cook County. The subject is a class 2-95 rowhouse or town house under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables composed of class 2-95 properties improved with three-story dwellings of masonry exterior construction that have either 2,128 or 2,446 square feet of living area. Each comparable is 21 years old. Each property has a full basement with an apartment, central air conditioning,

2½ bathrooms and a 2-car garage. These properties have the same neighborhood code as the subject property. The comparables have improvement assessments ranging from \$39,010 to \$44,830 or from \$18.17 to \$18.35 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$41,187.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$72,578. The subject property has an improvement assessment of \$57,143 or \$25.43 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables comprised of class 2-95 properties improved with three-story dwellings of masonry exterior construction that have either 2,247 or 2,584 square feet of living area. The homes are 12 to 15 years old. Three comparables have full unfinished basements and one comparable has a slab foundation. Each property has central air conditioning, one fireplace, 2½ or 4 bathrooms, and a 2-car garage. The comparables have the same neighborhood code as the subject and are located in the same block as the subject property. Three comparables are located along the same street as the subject property. The improvement assessments range from \$57,143 to \$66,181 or from \$25.43 to \$27.40 per square foot of living area.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #2 and #3 that are most like the subject property in location, age, size and features. Each of these comparables is the same size as the subject dwelling and located in the same block as the subject property. Board of review comparables #2 and #3 are located along the same street as the subject property. These three comparables have improvement assessments that range from \$57,143 to \$61,565 or from \$25.43 to \$27.40 per square foot of living area. The subject's improvement assessment of \$57,143 or \$25.43 per square foot of living area falls within the range established by the best comparables in this record. The Board gives less weight to the appellant's comparables as they are not as similar to the subject in location, age, size and features as the best comparables in this record. The Board gives less weight to board of review comparable #4 due to differences from the subject in dwelling size and foundation. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
