

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Dorow
DOCKET NO.: 23-30825.001-R-1
PARCEL NO.: 09-26-303-074-0000

The parties of record before the Property Tax Appeal Board are John Dorow, the appellant; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,747
IMPR.: \$57,129
TOTAL: \$67,876

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The property is an 8,267 square foot site located in Park Ridge, Maine Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance. The subject improvement is an approximately 28-year-old, two-story dwelling, of frame and masonry construction with 3,115 square feet of living area. Features of the home include two full bathrooms, one half-bath, a full basement, one fireplace, air conditioning, and an attached two-car garage.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on seven equity comparable properties. The comparable properties are in the same neighborhood and within 0.5 mile of the subject. They range in age from 26 to 54 years; in size from 2,914 to 3,395 square feet of living area; and have improvement assessments from \$12.25 to \$18.34 per square foot of living area. The appellant requested the subject's total assessment be reduced to \$62,425.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$73,016. The subject property has an improvement assessment of \$62,269 or \$19.99 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparable properties. The suggested comparable properties are in the same neighborhood and within a quarter mile of the subject. They range in age from 22 to 27 years; in size from 3,195 to 3,617 square feet of living area; and have improvement assessments ranging from \$20.36 to \$21.36 per square foot of living area. The board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e).

Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparable properties to the subject property. 86 Ill.Admin.Code §1910.65(b). The Illinois Constitution requires that real estate taxes "be levied uniformly by valuation ascertained as the General Assembly shall provide by law." Ill. Const., art. IX, § 4 (1970); Walsh v. Property Tax Appeal Board, 181 Ill. 2d 228, 234 (1998). This uniformity provision of the Illinois Constitution does not require absolute equality in taxation, however, and it is sufficient if the taxing authority achieves a reasonable degree of uniformity. Peacock v. Property Tax Appeal Board, 339 Ill. App. 3d 1060, 1070 (4th Dist. 2003).

The Board finds the appellant did meet this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of assessment equity to be appellant's comparable properties #1, #2, and #3 and the board of review comparable property #4. These comparable properties had improvement assessments that ranged from \$14.93 to \$20.36 per square foot of living area. The subject's improvement assessment of \$19.99 per square foot of living area falls within the higher end of the range established by the best comparable properties in this record. However, after considering all the comparable properties submitted by the parties with emphasis on those properties that are proximate in location the Board finds the appellant's comparables are the best because: they are next door or within 500 feet; similar in size of living area with the closest in size having a difference of 9 square feet; similar in features to the subject; identical in number of toilets; and nearly identical in age and building material. After further considering adjustments to the best comparable properties for differences from the subject, the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed within the range and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
