

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas Stiebel
DOCKET NO.: 23-31128.001-R-1
PARCEL NO.: 14-28-318-015-0000

The parties of record before the Property Tax Appeal Board are Thomas Stiebel, the appellant, by attorney Dora Cornelio of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$21,900
IMPR.: \$71,100
TOTAL: \$93,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 2,292 square feet of living area. The dwelling is approximately 111 years old. The property features a full basement with finished area and two full bathrooms. The property has a 1,460 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-10, old style row house or townhome, property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables that have the same assessment neighborhood code and property classification code as the subject. The comparables are improved with two-story or three-story dwellings of masonry exterior construction ranging in size from 1,218 to 2,920 square feet of living area. The

dwellings range in age from 68 to 134 years old. Each comparable has a full basement with finished area, central air conditioning, from one to three full bathrooms and one additional half bathroom. Three comparables each have one or two fireplaces and comparable #4 has a one-car garage. The comparables have improvement assessments that range from \$29,244 to \$70,220 or from \$23.99 to \$25.66 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$55,328 or \$24.14 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$93,000. The subject property has an improvement assessment of \$71,100 or \$31.02 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code and property classification code as the subject. The comparables are located within the same block and along the same street as the subject property. The comparables are improved with two-story dwellings of masonry exterior construction ranging in size from 2,261 to 2,292 square feet of living area. The dwellings range in age from 135 to 137 years old. The comparables each have a full or partial basement, three of which have finished area. Each comparable has two or three full bathrooms and two comparables each have an additional half bathroom. Three comparables have central air conditioning and either one or three fireplaces. The comparables have improvement assessments ranging from \$73,674 to \$76,100 or from \$32.20 to \$33.31 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables which differ from the subject in dwelling size and/or story height.

The Board finds the best evidence of assessment equity to be the four comparables submitted by the board of review, which are located within the same block and along the same street as the subject and are overall most similar to the subject in dwelling size and story height. However, the comparables have varying degrees of similarity when compared to the subject in age and other features, suggesting adjustments would be required to make the comparables more equivalent to the subject. Nevertheless, the comparables have improvement assessments ranging from \$73,674 to \$76,100 or from \$32.20 to \$33.31 per square foot of living area. The subject's

improvement assessment of \$71,100 or \$31.02 per square foot of living area falls below the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
