

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Menahem Deitcher
DOCKET NO.: 23-31808.001-R-1
PARCEL NO.: 14-30-404-082-0000

The parties of record before the Property Tax Appeal Board are Menahem Deitcher, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$37,762
IMPR.: \$81,135
TOTAL: \$118,897

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 3,005 square feet of living area. The home is approximately 15 years old. Features of the home include a full basement with finished area, central air conditioning, one fireplace, and a 2-car garage. The property has a 3,021 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables that are located within the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-78 dwellings of frame, stucco, masonry, or frame and masonry exterior construction ranging in size from 2,716 to 3,113 square feet of living area. The homes range in age from 0 to 29 years old. The comparables each have a full basement,

three of which have finished area. Each comparable has central air conditioning and a 2-car garage. Two comparables each have one or two fireplaces. The comparables have improvement assessments ranging from \$42,800 to \$53,750 or from \$13.96 to \$19.10 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$118,897. The subject property has an improvement assessment of \$81,135 or \$27.00 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same assessment neighborhood code and tax block as the subject property. The comparables are improved with 2-story, class 2-78 dwellings of masonry exterior construction ranging in size from 2,968 to 3,536 square feet of living area. The homes range in age from 7 to 19 years old. Each comparable has a full basement with finished area, central air conditioning, and from one to three fireplaces. Three comparables each have a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$92,687 to \$112,712 or from \$29.74 to \$36.98 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to substantial differences from the subject in age (three comparables are reported to be 0 years old or new construction) and/or lack of basement finish, which the subject features. The Boards also gives less weight to board of review comparables #1 and #3 which differ substantially from the subject in living area or lack a garage, which is a feature of the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #2 and #4 which are each located on the same tax block as the subject and are similar to the subject in overall property characteristics. The two best comparables have improvement assessments of \$92,687 and \$109,753 or \$29.74 and \$36.98 per square foot of living area. The subject's improvement assessment of \$81,135 or \$27.00 per square foot of living area falls below the two best comparables in this record. After considering appropriate adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
