

## FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Mariana Jeleva  
DOCKET NO.: 23-31857.001-R-1  
PARCEL NO.: 02-36-404-047-0000

The parties of record before the Property Tax Appeal Board are Mariana Jeleva, the appellant, by Andreas Mamalakis, attorney-at-law of the Law Offices of Andreas Mamalakis in Kenosha, Wisconsin, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$4,290  
**IMPR.:** \$18,727  
**TOTAL:** \$23,017

Subject only to the State multiplier as applicable.

### **Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.<sup>1</sup>

### **Findings of Fact**

The subject property is improved with a one-story dwelling of frame exterior construction containing 1,080 square feet of living area. The dwelling is approximately 64 years old. Features of the property include a full unfinished basement, one bathroom, and a 2-car garage. The property has a 7,800 square foot site located in Rolling Meadows, Palatine Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables composed of class 2-03 properties improved with one-story dwellings of frame

exterior construction that range in size from 1,273 to 1,327 square feet of living area. The homes are 62 or 68 years old. One comparable has a slab foundation and two comparables have crawl space foundations. Each property has 1 or 1½ bathrooms and a 1-car or 2-car garage. Two comparables have central air conditioning and two comparables each have one fireplace. The comparables have the same assessment neighborhood code as the subject property and are located from .26 to .64 of a mile from the subject property. Their improvement assessments range from \$16,394 to \$18,029 or from \$12.88 to \$13.71 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$14,461.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$23,017. The subject property has an improvement assessment of \$18,727 or \$17.34 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables consisting of class 2-03 properties improved with one story dwellings of frame construction with either 1,055 or 1,101 square feet of living area. The homes are 64 or 65 years old. Each property has a partial unfinished basement, central air conditioning, one bathroom, and a 2-car or 2.5-car garage. These properties have the same assessment neighborhood code as the subject property and are located in the same assessment block as the subject property. Their improvement assessments range from \$18,753 to \$21,710 or from \$17.78 to \$20.58 per square foot of living area. The board of review contends the building assessed value per square foot for the comparables are higher than the subject, which supports the assessed value as equitable.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on seven equity comparables with the same classification code and neighborhood code as the subject property to support their respective positions. The Board finds the best evidence of assessment equity to be the board of review comparables that are more similar to the subject property in location, dwelling size, and/or foundation than are the comparables submitted by the appellant. The board of review comparables are similar to the subject in features with the primary exception being that each of the board of review comparables has central air conditioning, unlike the subject property, indicating each property would require a downward adjustment to make it more equivalent to the subject property for this difference. The board of review comparables have improvement assessments ranging from \$18,753 to \$21,710 or from \$17.78 to \$20.58 per square foot of living area. The subject's improvement assessment of \$18,727 or \$17.34 per square foot of living area falls below the range of the improvement assessments of the best comparables in this record and is appropriate considering the best comparables have central air conditioning while the subject does not have this feature. Based on this record the Board finds the appellant did not demonstrate with clear

and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
