

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Adams  
DOCKET NO.: 23-31931.001-R-1  
PARCEL NO.: 14-21-311-012-0000

The parties of record before the Property Tax Appeal Board are James Adams, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$38,625  
**IMPR.:** \$115,375  
**TOTAL:** \$154,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a two-story, single-family dwelling of masonry construction with 4,005 square feet of living area. The dwelling is 18 years old. Features include a finished partial basement, a two-car garage, central air conditioning, two fireplaces, nine total rooms, four bedrooms and four full bathrooms. The property has a 2,575 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant asserts assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information about four suggested equity comparables. Those suggested comparables are located between 1.3 miles and 1.7 miles from the subject.

The board of review submitted its "Board of Review Notes on Appeal" which disclosed the total assessment for the subject as \$154,000. The subject property has an improvement assessment of \$115,375 or \$28.81 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information about one suggested equity comparable.

### **Conclusion of Law**

The taxpayer asserts assessment inequity as the basis of the appeal. The Illinois Constitution requires that real estate taxes “be levied uniformly by valuation ascertained as the General Assembly shall provide by law.” Ill. Const., art. IX, § 4 (1970); Walsh v. Property Tax Appeal Board, 181 Ill. 2d 228, 234 (1998). This uniformity provision of the Illinois Constitution does not require absolute equality in taxation, however, and it is sufficient if the taxing authority achieves a reasonable degree of uniformity. Peacock v. Property Tax Appeal Board, 339 Ill. App. 3d 1060, 1070 (4<sup>th</sup> Dist. 2003).

When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e); Walsh, 181 Ill. 2d at 234 (1998). Clear and convincing evidence means more than a preponderance of the evidence, but it does not need to approach the degree of proof needed for conviction of a crime. Bazyldo v. Volant, 164 Ill. 2d 207, 213 (1995). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds that the best evidence of assessment equity is the board of review’s suggested comparable one. Like the subject property, this comparable has a two-story, single-family dwelling of masonry construction with nine total rooms, four bedrooms, central air conditioning, a two-car garage, two fireplaces and a finished full or partial basement. The dwelling on this comparable is similar to the subject dwelling in age and living area size, and it is on the same block as the subject. This comparable has an improvement assessment of \$28.82 per square foot of living area, one cent higher than the subject’s improvement assessment per square foot of living area.

Although the dwellings on appellant’s suggested comparables have some features similar to those of the subject dwelling, those comparables are located between 1.3 and 1.7 miles from the subject, and they do not have the same neighborhood code as the subject. This Board therefore does not give them much weight. Under the circumstances, this Board finds that the appellant did not demonstrate with clear and convincing evidence that the subject was inequitably assessed, and a reduction in the subject's assessment on this basis is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
