

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Asad M. Ahmed
DOCKET NO.: 23-32774.001-R-1
PARCEL NO.: 14-20-327-041-0000

The parties of record before the Property Tax Appeal Board are Asad M. Ahmed, the appellant, by attorney Brian P. Liston of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **a reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$45,000
IMPR.: \$90,241
TOTAL: \$135,241

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story dwelling of masonry exterior construction with 3,059 square feet of living area. The dwelling is approximately 31 years old. Features of the home include a full basement with finished area,¹ central air conditioning, a fireplace and a two-car garage. The property has a 3,000 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables that are located within .8 of a mile from the subject property, two of which have the

same assessment neighborhood code as the subject. The comparables are class 2-78 properties that are improved with two-story or three-story dwellings of masonry exterior construction ranging in size from 2,862 to 3,064 square feet of living area. The dwellings are from 14 to 27 years old. The comparables each have a full basement, central air conditioning, a fireplace and a two-car garage. The comparables have improvement assessment that range from \$84,689 to \$87,500 or from \$27.64 to \$30.24 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$89,415 or \$29.23 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$143,977. The subject property has an improvement assessment of \$98,977 or \$32.36 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within the same block or approximately $\frac{1}{4}$ of a mile from the subject property, two of which are also along the same street as the subject. The comparables are class 2-78 properties that are improved with two-story or three-story dwellings of masonry exterior construction ranging in size from 2,892 to 3,558 square feet of living area. The dwellings are from 5 to 21 years old. The comparables each have a full basement with finished area, central air conditioning, two to four fireplaces and from a two-car to a three-car garage. The comparables have improvement assessments that range from \$105,577 to \$135,240 or from \$31.31 to \$38.26 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted seven comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables #1 and #3, as well as board of review comparables #1, #3 and #4 due to differences from the subject in design or dwelling size.

The Board finds the best evidence of assessment equity to be the appellant's comparable #2 and board of review comparable #2, which are overall more similar to the subject in location, dwelling size, design, age and some features. The comparables have improvement assessments of \$85,375 and \$105,577 or \$29.83 and \$31.31 per square foot of living area. The subject's improvement assessment of \$98,977 or \$32.36 per square foot of living area is bracketed by the two best comparables in terms of overall improvement assessment but falls above the comparables on a per square foot of living area basis. After considering adjustments to the best

comparables for differences from the subject, the Board finds the subject's improvement assessment is excessive. Therefore, based on this record the Board finds a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
