

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joshua Eisenberg
DOCKET NO.: 23-33183.001-R-1
PARCEL NO.: 32-06-121-013-0000

The parties of record before the Property Tax Appeal Board are Joshua Eisenberg, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,125
IMPR.: \$16,466
TOTAL: \$19,591

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of masonry exterior construction with 1,371 square feet of living area. The dwelling is approximately 71 years old. Features include a full basement, 2 bathrooms, and a 2-car garage. The property has a 6,250 square foot site and is located in Homewood, Bloom Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1-story, class 2-03 dwellings of masonry exterior construction ranging in size from 1,345 to 1,544 square feet of living area. The dwellings range in age from 55 to 72 years old. Three comparables each have a full basement and two comparables each have a slab

foundation. Each comparable has from 1 to 2 bathrooms and from a 1-car to a 2.5-car garage. Two comparables each have a central air conditioning. The comparables have improvement assessments ranging from \$9,000 to \$10,091 or from \$6.17 to \$7.21 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$19,591. The subject property has an improvement assessment of \$16,466 or \$12.01 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1-story or 1.5-story, class 2-03 dwellings of masonry or frame and masonry exterior construction ranging in size from 1,088 to 1,305 square feet of living area. The dwellings range in age from 70 to 74 years old. Each comparable has a full basement, 1½ or 2 bathrooms, and from a 1-car to a 2-car garage. Two comparables each have central air conditioning. The comparables have improvement assessments ranging from \$17,100 to \$19,551 or from \$14.52 to \$17.02 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and board of review comparable #4 due to differences relative to the subject in design, age, and/or foundation type.

The Board finds the best evidence of assessment equity to be the board of review comparable #1, #2, and #3 which are relatively similar to the subject in location, design/class, age, dwelling size, and other features. The best comparables have improvement assessments ranging from \$17,100 to \$19,551 or from \$14.60 to \$17.02 per square foot of living area. The subject property's improvement assessment of \$16,466 or \$12.01 per square foot of living falls below the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
