

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Chris Mitrakis
DOCKET NO.: 23-33189.001-R-1
PARCEL NO.: 29-36-305-009-0000

The parties of record before the Property Tax Appeal Board are Chris Mitrakis, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,255
IMPR.: \$19,744
TOTAL: \$24,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame and masonry exterior construction with 1,495 square feet of living area. The dwelling is approximately 45 years old. Features include a partial basement with finished area, central air conditioning, and a 2-car garage. The property has a 9,555 square foot site and is located in Lansing, Thornton Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information, including property characteristic printouts which reported property details not disclosed by the appellant, on eight equity comparables located within the subject's assessment neighborhood. The comparables are improved with class 2-34, multi-level dwellings of frame and masonry exterior construction ranging in size from 1,334 to 1,831 square feet of living area. The homes range in age from 36

to 45 years old. Each comparable has a partial basement with finished area and a 2-car or 2.5-car garage. Seven comparables each have central air conditioning. The comparables have improvement assessments ranging from \$15,474 to \$20,341 or from \$10.68 to \$12.57 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$24,999. The subject property has an improvement assessment of \$19,744 or \$13.21 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the subject's assessment neighborhood. The comparables are improved with class 2-34, multi-level dwellings of frame and masonry exterior construction ranging in size from 1,353 to 1,495 square feet of living area. The homes are either 35 or 45 years old. Each comparable has a partial basement with finished area, central air conditioning, and a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$18,184 to \$19,744 or from \$13.21 to \$13.63 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 12 suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #3 which lacks central air conditioning, which the subject features, and to the appellant's comparables #5, #6, and #7 which are less similar to the subject in dwelling size than the other comparables in this record.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2, #3, and #8, as well as the board of review comparables which are overall most similar to the subject in location, design/class, age, dwelling size, foundation type, and other features. These comparables have improvement assessments ranging from \$15,474 to \$19,744 or from \$10.68 to \$13.63 per square foot of living area. The Board gives greater weight to board of review comparable #1 which is identical to the subject in property characteristics with an improvement assessment of \$19,744 or \$13.21 per square foot of living area. The subject's improvement assessment of \$19,744 or \$13.21 per square foot of living area falls at the upper end of the range established by the best comparables in this record and within the range on a per square foot basis. Further, the subject's assessment is identical to the improvement assessment of the comparable given greater weight by the Board. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
