

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: ABC TURNKEY PROP LLC SERIES B
DOCKET NO.: 23-33266.001-R-1
PARCEL NO.: 28-13-113-018-0000

The parties of record before the Property Tax Appeal Board are ABC TURNKEY PROP LLC SERIES B, the appellant, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,632
IMPR.: \$8,367
TOTAL: \$10,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction with 1,073 square feet of living area. The dwelling is 63 years old. Features of the home include a slab foundation, 1 bathroom, central air conditioning and a 2-car garage. The property has an 11,700 square foot site and is located in Markham, Bremen Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three comparables located within the subject's assessment neighborhood and within 0.20 of a mile from the subject property. The comparables consist of class 2-03, 1-story dwellings of frame exterior construction containing 1,060 or 1,073 square feet of living area. The dwellings are 65 or 66

years old. Each comparable has a slab foundation, 1 bathroom and a 2-car garage. The comparables have improvement assessments ranging from \$6,763 to \$6,868 or from \$6.30 to \$6.46 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$10,999. The subject property has an improvement assessment of \$8,367 or \$7.80 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three comparables located within the subject's assessment neighborhood, and two of which are located within the subject's block and street. The comparables consist of class 2-03, 1-story dwellings of masonry or frame and masonry exterior construction ranging in size from 1,073 to 1,364 square feet of living area. The dwellings are 63 to 66 years old. Two comparables each have a slab foundation, and one comparable has a full basement. Each comparable has 1 or 2½ bathrooms, and two comparables each have central air conditioning and either a 2-car or a 3-car garage. One comparable has a fireplace. The comparables have improvement assessments ranging from \$8,367 to \$12,310 or from \$7.80 to \$9.30 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six comparable properties for the Board's consideration. The Board gives less weight to the board of review's comparables #2 and #3 due to differences in their larger dwelling sizes, bathroom count and/or foundation type when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables and the board of review's comparable #1 which are overall most similar to the subject in location, design, age, dwelling size, and foundation type. However, the comparables each lack central air conditioning and board of review comparable #1 lacks a garage, both of which are features of the subject, suggesting upward adjustments for these features would be appropriate to make them more equivalent to the subject property. These four comparables have improvement assessments ranging from \$6,763 to \$8,367 or \$6.30 to \$7.80 per square foot of living area. The subject's improvement assessment of \$8,367 or \$7.80 per square foot of living matches the board of review comparable #1 with the highest improvement assessment of the four best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
