

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Surya Dutta
DOCKET NO.: 23-33269.001-R-1
PARCEL NO.: 28-11-122-001-0000

The parties of record before the Property Tax Appeal Board are Surya Dutta, the appellant(s), by attorney Gregory J. Hilton, of Property Tax Solutions in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,205
IMPR.: \$5,795
TOTAL: \$8,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame construction with 880 square feet of living area. The dwelling was 74 years old. Features of the home include a slab foundation and a one-car garage. The property has a 6,299 square foot site and is located in Midlothian, Bremen Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on July 7, 2023, for a price of \$80,000 or \$90.91 per square foot of living area, land included in the sale price. Appellant completed Section IV- Recent Sale Data of the Residential Appeal form asserting that the transfer was not between family members, the sale was by a realtor, the property was advertised for sale on the multiple listing services for 14 days, and the sale was not due to a foreclosure

action or by using a contract for deed. Appellant submitted a brief asserting their contention that the sale of the property was arm's-length, as well as a master settlement statement, warranty deed, and MLS listing. Appellant disclosed that this is not an owner-occupied residence. Based on this evidence the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$11,999. The subject's assessment reflects a market value of \$119,990 or \$136.35 per square foot of living area, land included, when using the level of assessments for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales properties which sold from July 2021 to December 2022 for sales prices from \$176,500 to \$191,756 or from \$191.53 to \$240.89 per square foot of living area, land included in the sales prices. The improvements on these properties were 62 to 80 years old and had from 768 to 992 square feet of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in July 2023 for a price of \$80,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a Realtor, the property had been advertised on the open market with the Multiple Listing Service and it had been on the market for 14 days. In further support of the transaction the appellant submitted a copy of the settlement statement, warranty deed, and an MLS listing. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present sufficient evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. Based on this record the Board finds the subject property had a market value of \$80,000 as of January 1, 2023. Since market value has been determined the level of assessments for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10% shall apply. 86 Ill.Admin.Code §1910.50(c)(2).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
