

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Hattie L Kerke  
DOCKET NO.: 23-33469.001-R-1  
PARCEL NO.: 28-36-106-008-0000

The parties of record before the Property Tax Appeal Board are Hattie L Kerke, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,039  
**IMPR.:** \$19,961  
**TOTAL:** \$23,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 7,020 square foot parcel of land improved with a 61-year-old, two-story, frame and masonry, single-family dwelling containing 1,982 square feet of building area. Amenities of the home include a full, unfinished basement, air conditioning, and a one-car garage. The property is located in Hazel Crest, Bremen Township, Cook County and is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation and inequity as the bases of the appeal. In support of these arguments, the appellant submitted data on nine comparables. These comparables are described as one or two-story, frame or frame and masonry, single-family dwellings located within one half mile of the subject. Amenities of these home include air conditioning, a one or two-car garage, a partial or full basement for seven, and, for two properties, a fireplace. They range: in age from 53 to 63 years; in size from 1,223 to 2,700 square feet of building area; and in improvement assessment from \$7.80 to \$13.50 per square foot of building area. They sold from May 2022 to

January 2024 for prices ranging from \$40.74 to \$148.81 per square foot of building area. The appellant also submitted property description printouts from Realtor.com.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's assessment of \$22,999 with an improvement assessment of \$20,016 or \$10.10 per square foot of building area. The total assessment reflects a market value of \$229,990 or \$116.04 per square foot of building area using the Cook County Real Estate Classification Ordinance level of assessment for class 2 property of 10%.

In support of the current assessment, the board of review submitted four comparables. These comparables are described as two-story, frame or frame and masonry, single-family dwellings with three properties located within a quarter mile of the subject. Amenities of the homes include a two-car garage, a partial unfinished basement for three properties, and air conditioning for three. One property has a fireplace. They range: in age from 35 to 51 years; in size from 1,300 to 1,993 square feet of building area; and in improvement assessment from \$10.95 to \$12.94 per square foot of building area. They sold from February 2021 to November 2023 for prices ranging from \$130.21 to \$178.46 per square foot of building area.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds the best evidence of market value to be the appellant's comparables #2, #3, #7, and #9 and the board of review's comparables #1, #2 and #3. While all the comparables sold in relevant time to the lien date, these comparables are most similar in size to the subject and, therefore will receive the most weight. These comparables sold from February 2021 to November 2023 for prices ranging from \$75.03 to \$143.10 per square foot of building area. In comparison, the subject's assessment reflects a market value of \$116.04 per square foot of building area which is below the range of these comparables. Therefore, the Board finds the appellant has not proven by a preponderance of the evidence that the subject was overvalued, and a reduction is not justified.

The taxpayer also contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b).

The Board finds the best evidence of assessment equity to be the appellant's comparables #2, #3, #7, and #9 and the board of review's comparables #1, #2, and #3. These comparables had

improvement assessments ranging of \$8.70 to \$12.60 per square feet of building area. These comparables are receiving the most weight because they are the closest in size. In comparison the subject's improvement assessment of \$10.10 per square foot of building is within the range of the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvements is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
