

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: PA Construction & Maintenance LLC  
DOCKET NO.: 23-33518.001-R-1  
PARCEL NO.: 29-17-320-051-0000

The parties of record before the Property Tax Appeal Board are PA Construction & Maintenance LLC, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$1,774  
**IMPR.:** \$3,595  
**TOTAL:** \$5,369

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of an approximately 60-year-old one-story dwelling of masonry construction with 1,013 square feet of living area. Features of the home include a crawlspace and one bathroom. The property has a 6,450 square foot site and is located in Harvey, Thornton Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on April 29, 2022, for a price of \$25,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$2,500 to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$5,369. The subject's assessment reflects a market value of \$53,690 or \$53.00 per square foot of living area, land included, when using the 2022 three-year average median level of assessments for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales. The comparables are located 0.25 miles away from, on the same block as, or within the same "subarea" as the subject property. The comparables are 63- to 77-year-old one-story residences with frame or masonry construction. The comparables have between 1,013 and 1,167 square feet of living area. The comparables were sold between February 28, 2020, and November 3, 2023, for purchase prices of \$31,500 to \$75,000. The comparables have sale prices per square foot between \$30.29 and \$64.27. The board of review is requesting that the current assessment be confirmed.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value in the record to be the four comparable sales submitted by the board of review. These comparables were similar to the subject in location, style, construction, features, age and land area. These properties also sold proximate in time to the assessment date at issue. The comparables sold for prices ranging from \$30.29 to \$64.27 per square foot of living area, including land. The subject's assessment reflects a market value of \$53.00 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. The Board gave little weight to the subject's sale due to the fact the sale did not have the elements of an arm's length transaction as it was sold due to a foreclosure sale and was not a transaction between a willing seller and a willing buyer. Based on the evidence in the record, the Board finds the subject's assessment is reflective of market value and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
