

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: ABC Turnkey Prop LLC
DOCKET NO.: 23-33678.001-R-1
PARCEL NO.: 28-36-222-012-0000

The parties of record before the Property Tax Appeal Board are ABC Turnkey Prop LLC, the appellant, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,983
IMPR.: \$16,016
TOTAL: \$18,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction with 1,944 square feet of living area. The dwelling is approximately 63 years old. Features of the home include a slab foundation, central air conditioning, one fireplace and a 1-car garage. The property has an approximately 7,020 square foot site and is located in Hazel Crest, Bremen Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted three equity comparables with two comparables being located in the same assessment neighborhood code as the subject property. The comparables are improved with 1-story 2-04 class dwellings of frame or masonry exterior construction that range in size from 1,814 to 1,891 square feet of living area. The dwellings range in age from 69 to 78 years old. Two comparables each have a partial basement and one comparable has slab foundation. Each comparables has one fireplace and from a 1-car to a 2.5-

car garage. The comparables have improvement assessments that range from \$12,863 to \$13,641 or from \$7.09 to \$7.23 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$13,880 or \$7.14 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$18,999. The subject property has an improvement assessment of \$16,016 or \$8.24 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 1-story class 2-04 dwellings of frame exterior construction that range in size from 1,832 to 2,103 square feet of living area. The dwellings range in age from 52 to 63 years old. Two comparables each have a full or partial basement and one comparable has a slab foundation. One comparable has central air conditioning and each comparable has a 1-car or 2-car garage. The comparables have improvement assessments that range from \$17,858 to \$21,749 or from \$9.75 to \$10.79 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains six suggested equity comparables for the Board's consideration. The Board has given less weight to appellant's comparables #1 and #2 as well as board of review comparables #1 and #3 due to their basement foundations when compared to the subject's slab foundation.

The Board finds the best evidence of assessment equity to be appellant's comparable #3 along with board of review comparable #2. The Board finds that these two comparables are most similar to the subject in design, foundation, age, dwelling size and some features. These most similar comparables have improvement assessments \$13,641 and \$17,858 or \$7.23 and \$9.75 per square foot of living area. The subject's improvement assessment of \$16,016 or \$8.24 per square foot of living area is bracketed by the two best comparables in this record. Based on this record and after considering adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
