

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert & Lori Lucent Gregoric
DOCKET NO.: 23-33700.001-R-1
PARCEL NO.: 29-36-413-033-0000

The parties of record before the Property Tax Appeal Board are Robert & Lori Lucent Gregoric, the appellants, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,228
IMPR.: \$18,776
TOTAL: \$23,004

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 1,654 square feet of living area. The dwelling is approximately 45 years old. Features include a full basement, central air conditioning, and a 2-car garage. The property has a 7,689 square foot site and is located in Lansing, Thornton Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellants submitted information, including property characteristic printouts which reported property details not disclosed by the appellants, on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1-story, class 2-03 dwellings of frame or masonry exterior construction ranging in size from 1,520 to 1,797 square feet of living area. The homes are either 40 or 54 years old.

Three comparables each have a full basement, and one comparable has a crawl space foundation. Each comparable has central air conditioning and a 2-car garage. The comparables have improvement assessments ranging from \$16,098 to \$18,946 or from \$10.41 to \$10.59 per square foot of living area. Based on this evidence, the appellants requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$23,004. The subject property has an improvement assessment of \$18,776 or \$11.35 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three comparables located within the subject's assessment neighborhood. The comparables are improved with 1-story, class 2-03 dwellings of masonry exterior construction ranging in size from 1,306 to 1,596 square feet of living area. The homes are each 45 years old. The comparables each have a full or partial basement, one of which has finished area,. Each comparable has central air conditioning and a 2-car garage. The comparables have improvement assessments ranging from \$17,098 to \$19,098 or from \$11.97 to \$13.09 per square foot of living area.

Conclusion of Law

The appellants contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested equity comparables for the Board's consideration. The Board gives less weight to the appellants' comparable #1 which lacks a basement foundation, a feature of the subject; board of review comparable #2 features basement finish, unlike the subject; and board of review comparable #3 is a substantially smaller home than the subject.

The Board finds the best evidence of assessment equity to be the appellants' comparables #2, #3, and #4, as well as the board of review comparable #1 which are overall most similar to the subject in location, design/class, age, dwelling size, and other features. These comparables have improvement assessments ranging from \$18,710 to \$19,098 or from \$10.41 to \$11.97 per square foot of living area. The subject's improvement assessment of \$18,776 or \$11.35 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
