

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William Waltuch
DOCKET NO.: 23-33715.001-R-1
PARCEL NO.: 14-30-110-011-0000

The parties of record before the Property Tax Appeal Board are William Waltuch, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$31,000
IMPR.: \$42,860
TOTAL: \$73,860

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 1,916 square feet of living area. The dwelling is approximately 102 years old. Features include a full unfinished basement, central air conditioning, and a 2-car garage. The property has a 3,100 square foot site and is located in Chicago, Lake View Township, Cook County. The subject dwelling is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the same neighborhood code as the subject and within 0.3 of a mile of the subject. The comparables consist of class 2-05, "Two or more Story" dwellings of frame exterior construction ranging in size from 1,540 to 1,925 square feet of living area that are 125 to 132

years old. The appellant reported the comparables have full basements and “n/a” for finished basement area. Each comparable has central air conditioning, and two comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$29,000 to \$39,000 or from \$17.30 to \$20.26 per square foot of living area. Based on this evidence, the appellant requested that the subject’s improvement assessment be reduced to \$36,174.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$73,860. The subject property has an improvement assessment of \$42,860 or \$22.37 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the same neighborhood code as the subject and within .25 of a mile of the subject. The comparables consist of class 2-05, two-story dwellings of frame or masonry exterior construction ranging in size from 1,829 to 2,107 square feet of living area that are 61 to 133 years old. Three comparables have full basements, two of which have finished area, and one comparable has a crawl space foundation. Three comparables each have central air conditioning, three comparables each have a fireplace, and each comparable has a 2-car garage. The comparables have improvement assessments ranging from \$41,310 to \$50,378 or from \$22.59 to \$23.91 per square foot of living area. Based on this evidence, the board of review requested that the subject’s assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board’s consideration. The Board gives less weight to the appellant’s comparables #2 and #3 which are less similar to the subject in dwelling size. The Board also gives less weight to the board of review comparables #1 and #2 which are less similar to the subject in age or foundation type.

The Board finds the best evidence of assessment equity to be the parties’ remaining comparables. These comparables are somewhat older in age to the subject and are relatively similar to the subject in location, dwelling size, foundation type and some features. These four comparables have improvement assessments ranging from \$33,150 to \$50,378 or from \$17.30 to \$23.91 per square foot of living area. The subject's improvement assessment of \$42,860 or \$22.37 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
