

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: 2341 Janssen Partnership
DOCKET NO.: 23-33751.001-R-1
PARCEL NO.: 14-08-118-019-0000

The parties of record before the Property Tax Appeal Board are 2341 Janssen Partnership, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$29,040
IMPR.: \$44,722
TOTAL: \$73,762

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story multi-family building of masonry construction with 4,620 square feet of gross building area. The building is approximately 111 years old. Features include a full unfinished basement and six bathrooms. The property has a 3,630 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located in the same neighborhood code as the subject and within 0.30 of a mile from the subject. The comparables consist of class 2-11 multi-family buildings of masonry exterior construction ranging in size from 4,263 to 5,055 square feet of gross building area. The comparables are from 102 to 110 years old and have full basements, two of which are finished with an apartment. Each

comparable has 3 or 4 bathrooms, and three comparables have either a 1-car, a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$33,686 to \$43,063 or from \$7.90 to \$8.94 per square foot of gross building area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$38,716 or \$8.38 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$73,762. The subject property has an improvement assessment of \$44,722 or \$9.68 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted information on three comparables located in the same neighborhood code and the same block as the subject. The comparables consist of class 2-11 three-story multi-family buildings of masonry exterior construction containing 3,771 or 4,077 square feet of gross building area. The comparables are 111 or 116 years old. Each comparable has a full unfinished basement and either a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$38,577 to \$48,024 or from \$10.02 to \$11.78 per square foot of gross building area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the board of review comparable #1 due to its smaller building size when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables and the board of review comparables #2 and #3. These comparables are relatively similar to the subject in location, age, building size and foundation type. However, these comparables have fewer bathrooms than the subject and five comparables have a garage amenity, unlike the subject, suggesting adjustments for these features would be appropriate to make them more equivalent to the subject. These six comparables have improvement assessments ranging from \$33,686 to \$48,024 or from \$7.90 to \$11.78 per square foot of gross building area. The subject's improvement assessment of \$44,722 or \$9.68 per square foot of gross building area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
