

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: ABC TURNKEY PROP LLC SERIES L  
DOCKET NO.: 23-33874.001-R-1  
PARCEL NO.: 28-14-209-007-0000

The parties of record before the Property Tax Appeal Board are ABC TURNKEY PROP LLC SERIES L, the appellant, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$1,822  
**IMPR.:** \$18,177  
**TOTAL:** \$19,999

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a multi-level dwelling of frame and masonry exterior construction with 1,386 square feet of living area. The dwelling is 18 years old. Features of the home include a basement, central air conditioning and a 2-car garage. The property has an 8,100 square foot site and is located in Markham, Bremen Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three comparables located within the subject's assessment neighborhood and within 200 feet or 0.10 of a mile from the subject. The comparables consist of class 2-34, multi-level dwellings of frame and masonry exterior construction ranging in size from 1,273 to 1,475 square feet of living area. The

dwellings are each 18 years old. The dwellings each have a basement, central air conditioning and a 2-car garage. The comparables have improvement assessments ranging from \$15,202 to \$17,929 or from \$11.79 to \$12.16 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$19,999. The subject property has an improvement assessment of \$18,177 or \$13.11 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables located within the subject's assessment neighborhood and within the subject's block or approximately ¼ of a mile from the subject. The comparables consist of class 2-34, multi-level dwellings of frame and masonry exterior construction containing 1,273 or 1,386 square feet of living area. The dwellings are 18 years old. The dwellings each have a basement, central air conditioning and a 2-car garage. The comparables have improvement assessments ranging from \$17,177 to \$18,530 or from \$13.21 to \$14.56 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board finds all of the comparables in the record are relatively similar to the subject in location, design, dwelling size, age and most features. The comparables have improvement assessments ranging from \$15,202 to \$18,530 or from \$11.79 to \$14.56 per square foot of living area. The subject's improvement assessment of \$18,177 or \$13.11 per square foot of living area falls within the range established by all the comparables in the record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
