

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Piechnik  
DOCKET NO.: 23-33898.001-R-1  
PARCEL NO.: 30-31-426-017-0000

The parties of record before the Property Tax Appeal Board are Robert Piechnik, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,890  
**IMPR.:** \$10,424  
**TOTAL:** \$13,314

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of frame exterior construction with 1,303 square feet of living area. The dwelling is approximately 58 years old. Features include a full basement and a 2.5-car garage. The property has a 6,800 square foot site and is located in Lansing, Thornton Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information, including property characteristic printouts which reported property details not disclosed by the appellant, on five equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1-story, class 2-03 dwellings of frame or masonry exterior construction ranging in size from 1,311 to 1,623 square feet of living area. The homes range in age from 64 to 75 years

old. Each comparable has a full or partial basement and a 1-car or a 2-car garage. One comparable has central air conditioning. The comparables have improvement assessments ranging from \$8,920 to \$10,520 or from \$5.72 to \$6.80 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$13,314. The subject property has an improvement assessment of \$10,424 or \$8.00 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the subject's assessment neighborhood. The comparables are improved with 1-story or 1.5-story, class 2-03 dwellings of frame exterior construction ranging in size from 1,010 to 1,180 square feet of living area. The homes range in age from 55 to 78 years old. Three comparables each have a full basement, and one comparable has a crawl space foundation. Each comparable has from a 1.5-car to a 2.5-car garage. The comparables have improvement assessments ranging from \$9,820 to \$12,110 or from \$8.32 to \$11.09 per square foot of living area.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2 through #5 and board of review comparables #1 and #2 due to substantial differences in age and/or dwelling size, when compared to the subject. Additionally, the appellant's comparable #5 has central air conditioning, unlike the subject. The Board also gives less weight to board of review comparable #4 which has a dissimilar 1.5-story design, in contrast to the subject's 1-story design, differs substantially from the subject in age, and lacks a basement foundation, which is a feature of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #1 and board of review comparable #3 which are overall most similar to the subject in location, design/class, age, dwelling size, and other features. These comparables have improvement assessments of \$8,920 and \$9,820 or \$6.80 and \$8.32 per square foot of living area, respectively. The subject's improvement assessment of \$10,424 or \$8.00 per square foot of living area falls above the two best comparables in this record on an overall improvement assessment basis but is bracketed by them on a per square foot basis. The subject's higher overall improvement assessment appears to be logical considering its newer age and/or larger dwelling size, when compared to the two best comparables. Based on this record and after considering adjustments

to the two best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
