

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Maria Rosas  
DOCKET NO.: 23-33899.001-R-1  
PARCEL NO.: 30-29-105-045-0000

The parties of record before the Property Tax Appeal Board are Maria Rosas, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,384  
**IMPR.:** \$14,000  
**TOTAL:** \$17,384

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of masonry exterior construction with 1,558 square feet of living area. The dwelling is approximately 55 years old. Features include a partial basement, 1½ bathrooms, and a 2-car garage. The property has an 8,460 square foot site and is located in Lansing, Thornton Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information, including property characteristic printouts which reported property details not disclosed by the appellant, on eight equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1-story, class 2-03 dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 1,392 to 1,754 square feet of living area. The homes range in

age from 52 to 75 years old. Six comparables each have a full or partial basement, one of which has basement finish, and two comparables each have a slab foundation. Each comparable has from 1 to 2½ bathrooms. Six comparables each have central air conditioning. Seven comparables each have from a 1-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$7,402 to \$15,470 or from \$5.16 to \$9.40 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$12,090.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$19,000. The subject property has an improvement assessment of \$15,616 or \$10.02 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three comparables located within the subject's assessment neighborhood. The comparables are improved with 1-story, class 2-03 dwellings of masonry exterior construction ranging in size from 1,377 to 1,395 square feet of living area. The homes range in age from 54 to 60 years old. Each comparable has a full basement with finished area, 1½ bathrooms, central air conditioning, and a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$15,050 to \$16,309 or from \$10.93 to \$11.78 per square foot of living area.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted 11 suggested equity comparables for the Board's consideration with the same assessment neighborhood and classification codes as the subject property. The Board gives less weight to the appellant's comparables #1 and #4 through #8, as well as the board of review comparables due to substantial differences in age, dwelling size, basement foundation, basement finish, central air conditioning, and/or garage amenity, when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #3 which are overall most similar to the subject in location, design/class, age, dwelling size, and other features. The two best comparables have improvement assessments of \$15,336 and \$15,470 or \$8.74 to \$8.82 per square foot of living area. The subject's improvement assessment of \$15,616 or \$10.02 per square foot of living area falls above the two best comparables in this record and appears to be excessive. Based on this record and after considering adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
