

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William B. Galgan
DOCKET NO.: 23-33906.001-R-1
PARCEL NO.: 30-30-213-001-0000

The parties of record before the Property Tax Appeal Board are William B. Galgan, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,874
IMPR.: \$6,625
TOTAL: \$8,499

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 1-story dwelling of frame exterior construction with 817 square feet of living area. The dwelling is approximately 72 years old. Features include a slab foundation and a 1-car garage. The subject is situated on a 4,686 square foot site and is located in Lansing, Thornton Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on six equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1-story, class 2-02 dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 806 to 931 square feet of living area. The dwellings range in age from 70 to 73 years old. Each comparable has a slab foundation and from a 1-car to a 2-car

garage. The comparables have improvement assessments ranging from \$5,500 to \$6,900 or from \$6.28 to \$7.41 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$5,580.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$8,499. The subject property has an improvement assessment of \$6,625 or \$8.11 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1-story, class 2-02 dwellings of frame exterior construction with either 806 or 817 square feet of living area. The homes are either 71 or 73 years old. Each comparable has a slab foundation and a 1.5-car garage. The comparables have improvement assessments of either \$7,000 or \$7,500 and \$8.57 to \$9.31 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

This record contains nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #3, #5, and #6 which are less similar to the subject in dwelling size than the other comparables in this record.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #4, as well as the board of review comparables which are similar, if not identical, to the subject in location, design/class, age, dwelling size, and other features. These comparables have improvement assessments ranging from \$5,500 to \$7,500 or from \$6.82 to \$9.31 per square foot of living area. The subject's improvement assessment of \$6,625 or \$8.11 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
