

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bernnadeta Szczech
DOCKET NO.: 23-34144.001-R-1
PARCEL NO.: 19-31-316-009-0000

The parties of record before the Property Tax Appeal Board are Bernnadeta Szczech, the appellant(s), by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,258
IMPR.: \$56,000
TOTAL: \$63,258

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry construction with 4,008 square feet of living area. The dwelling was approximately 20 years old. Features of the home include a full basement, central air conditioning, a fireplace and a 3.5-car garage. The property has an 11,614 square foot site and is located in Burbank, Stickney Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In the Residential Appeal form submitted by the appellant, the appellant indicated that assessment equity was the basis of the appeal. According to PTAB rule 1910.30 (h) "Every petition for appeal shall state the facts upon which the contesting party bases an objection to the decision of the board of review...". The appellant included an appraisal in their evidence. Based on the PTAB rule the Board will

not consider the appraisal. In support of the argument of assessment inequity the appellant submitted information on five class 2-08 equity comparable properties with varying degrees of similarities to the subject, one of which is located within the same neighborhood code as the subject while the others are in different neighborhood codes. The appellant did not provide proximity to the subject for any comparable property. The improvements ranged: in age from 2 to 19 years; in size from 3,824 to 4,492 square feet of living area; and in improvement assessment from \$11.13 to \$12.37 per square foot of living area. Appellant disclosed that this is an owner-occupied residence. Based on this evidence the appellant is seeking a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$63,258. The subject property has an improvement assessment of \$56,000 or \$13.97 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on two class 2-08 equity comparable properties with varying degrees of similarities to the subject which are located within the same neighborhood code as the subject. The improvements were 16 or 17 years old, had 3,802 or 4,113 square feet of living area, and had improvement assessments of \$13.97 or \$14.10 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven equity comparable properties for the Board's consideration in determining assessment equity. The Board finds the best evidence of assessment equity to be appellant's comparables #2 and #4 and board of review's comparables #1 and #2. Appellant's comparables #2 and #4 were similar to the subject in size, full basement, and central air conditioning. One of these comparables was very similar in age to the subject while the other was newer. These comparables had one full bathroom fewer than the subject. One of these comparables had a 3.5-car garage like the subject while the other had a three-car garage. Board of review's comparables #1 and #2 were similar to the subject in age, size, full basement, and central air conditioning. These comparables had one full or one-half bathroom fewer than the subject. These comparables had three-car garages while the subject had a 3.5-car garage. These comparable properties were similar to the subject and had improvement assessments that ranged from \$11.24 to \$14.10 per square foot of living area. The subject's improvement assessment of \$13.97 per square foot of living area falls within the range established by the best comparable properties in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
