

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Efstathios & Adriana Mourgelas
DOCKET NO.: 23-34234.001-R-1
PARCEL NO.: 23-11-307-061-0000

The parties of record before the Property Tax Appeal Board are Efstathios & Adriana Mourgelas, the appellants, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,043
IMPR.: \$19,063
TOTAL: \$26,106

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a multi-level, single-family dwelling of frame and masonry construction. The building is 47 years old, it has 1,006 square feet of living area, and it is located on a 10,062 square foot site in Palos Hills, Palos Township, Cook County. Its features include a partial finished basement, central air conditioning, one full bathroom, a half bath, and a two-car garage. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants assert overvaluation as the ground for the appeal. In support of this argument, the appellant submitted information about recent sales of four suggested comparable properties. Those suggested comparables were sold between July 2022 and September 2023 for amounts ranging from \$302,000 to \$410,000, or between \$164.57 and \$235.23 per square foot of living

area, land included. Based on this evidence, they seek to have the subject's assessed value reduced to \$21,330.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject as \$26,106. This assessment reflects a value for the subject property of \$261,060, or \$259.51 per square foot of living area, land included, under the Cook County ordinance establishing a 10% level of assessment for residential property. In support of its contention of the correct assessment, the board of review submitted information about four suggested comparable properties, including sales information. Those properties were sold between April 2022 and July 2023 for amounts ranging from \$330,000 to \$440,000, or between \$268.95 and \$347.83 per square foot of living area, land included.

Conclusion of Law

The appellants assert overvaluation as a ground for appeal. When market value is the basis of the appeal, the taxpayer must prove the value of the property by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e); Winnebago County Bd. of Review v. Property Tax Appeal Bd., 313 Ill. App. 3d 1038, 1043 (2d Dist. 2000). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds that the appellants did not meet this burden of proof.

This Board finds that the best evidence of the subject property's value is the appellants' suggested comparable two and the board of review's suggested comparables one, two, and three. Like the subject property, these comparables have multi-level, single-family homes of frame and masonry construction with partial finished basements, central air conditioning, and multi-car garages. Their dwellings are similar to the subject dwelling in age. They are all within a quarter mile of the subject.

These comparable properties were sold between April 2022 and June 2023 for amounts ranging from \$231.24 to \$347.83 per square foot of living area, land included. The subject's assessment reflects a value of \$259.51 per square foot of living area, land included. This is within the range suggested by the best comparables in the record and below the sales prices per square foot of three of them. Accordingly, the appellants have not met the applicable burden of showing entitlement to relief by a preponderance of the evidence, and an assessment reduction is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
