

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: 3022 North Clifton, LLC
DOCKET NO.: 23-34244.001-R-1
PARCEL NO.: 14-29-207-038-0000

The parties of record before the Property Tax Appeal Board are 3022 North Clifton, LLC, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$52,937
IMPR.: \$35,062
TOTAL: \$87,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story, multi-family building of frame exterior construction with 2,946 square feet of building area. The building is approximately 133 years old. Features of the building include a crawl space foundation and a 2-car garage. The property has a 3,025 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables that are located in the subject's assessment neighborhood code. The comparables are improved with class 2-11 multi-family buildings of frame exterior construction ranging in size from 2,519 to 3,220 square feet of building area. The buildings range in age from 129 to 137 years old.

Each comparable has a full basement. One comparable has two fireplaces. One comparable has a 2-car garage. The comparables have improvement assessments ranging from \$20,862 to \$27,840 or from \$8.28 to \$9.05 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$25,512 or \$8.66 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$87,999. The subject property has an improvement assessment of \$35,062 or \$11.90 per square foot of building area.

In support of its contention of the correct assessment, the board of review submitted information on three comparables that are located in the subject's assessment neighborhood code. The comparables are improved with 3-story, class 2-11, multi-family buildings of frame exterior construction ranging in size from 2,586 to 2,792 square feet of building area. The buildings range in age from 123 to 138 years old. Two comparables each have a full basement, one of which is finished with a recreation room, and one comparable has a concrete slab foundation. One comparable has one fireplace. Two comparables have either a 2-car or a 3.5-car garage. The comparables have improvement assessments ranging from \$32,920 to \$46,312 or from \$12.58 to \$17.15 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration with varying degrees of similarity to the subject. Nevertheless, the Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #3 as well as board of review comparable #2 which are similar to the subject in location, age, and building size. The Board gives most weight to board of review comparable #2 which is the only comparable in this record that lacks a basement, like the subject. These three comparables have improvement assessments ranging from \$25,793 to \$35,120 or from \$8.64 to \$12.58 per square foot of building area. The subject's improvement assessment of \$35,062 or \$11.90 per square foot of building area falls within the range established by the best comparables in this record and below the comparable given most weight in this record. The Board gives less weight to the appellant's comparables #1 and #4 as well as board of review comparables #3 and #4 which are less similar to the subject in dwelling size than other comparables in this record or lacks a garage, a feature of the subject. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence

that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
