

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Barbette Loevy
DOCKET NO.: 23-34284.001-R-1
PARCEL NO.: 14-29-108-038-0000

The parties of record before the Property Tax Appeal Board are Barbette Loevy, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **a reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$45,000
IMPR.: \$36,300
TOTAL: \$81,300

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story multi-family building of masonry exterior construction with 2,580 square feet of gross building area. The dwelling is approximately 123 years old. Features of the building include a basement finished with an apartment and a 3-car garage. The property has an approximately 3,000 square foot site and is located in Chicago, Lakeview Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted four equity comparables that are located in the same assessment neighborhood code as the subject. The comparables are located within .5 of a mile from the subject property. The comparables are improved with class 2-11, 2-to-6-unit buildings of frame exterior construction that range in size from 2,332 to 2,749 square feet of gross building area. The buildings range in age from 111 to 135 years old. Each comparable has a basement, two finished with either an apartment or family room. The

comparables each have a 2-car garage. The comparables have improvement assessments that range from \$29,407 to \$33,895 or from \$12.06 to \$12.69 per square foot of gross building area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$32,044 or \$12.42 per square foot of gross building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$95,071. The subject property has an improvement assessment of \$50,071 or \$19.41 per square foot of gross building area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the same assessment neighborhood code as the subject. The comparables are located from .25 of a mile from the subject property. The comparables are improved with class 2-11, 2-story or 3-story buildings of frame exterior construction that range in size from 2,244 to 2,709 square feet of gross building area. The buildings range in age from 123 to 135 years old. Each comparable has a basement, one finished with a recreation room. The comparables each have central air conditioning and two comparables each have either a 1-car or 2-car garage. The comparables have improvement assessments that range from \$35,720 to \$46,750 or from \$15.92 to \$17.26 per square foot of gross building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains seven suggested equity comparables for the Board's consideration. The Board has given less weight to appellant's comparables #1 and #4 as well as the board of review comparables due to their differences from the subject in basement finished, central air conditioning and/or garage amenity.

The Board finds the best evidence of assessment equity to be appellant's comparables #2 and #3. The Board finds that these two comparables are most similar to the subject in location, age, building size and some features. These most similar comparables have improvement assessments of \$29,407 and \$33,895 or \$12.33 and \$12.61 per square foot of gross building area. The subject's improvement assessment of \$50,071 or \$19.41 per square foot of gross building area is greater than the two best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
