

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Angeliki Koliopoulos
DOCKET NO.: 23-34905.001-R-1
PARCEL NO.: 08-14-405-010-0000

The parties of record before the Property Tax Appeal Board are Angeliki Koliopoulos, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,744
IMPR.: \$43,256
TOTAL: \$51,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story, multi-family building of masonry exterior construction with 7,744 square feet of gross building area. The building is approximately 49 years old. Features include a partial basement with an apartment,¹ 3 full and 2 half bathrooms, and a 3-car garage. The property has a 7,744 square foot site and is located in Mount Prospect, Elk Grove Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables located within the same assessment neighborhood as the subject and within 0.05 of a mile from the subject. The comparables are improved with class 2-11, 2-story multi-family buildings of

¹ The board of review disclosed the subject's basement has an apartment, which was not refuted by the appellant.

masonry exterior construction ranging in size from 3,710 to 3,912 square feet of gross building area. The buildings are from 49 to 53 years old. The buildings each have a basement with "N/A" disclosed for the finished area. Each comparable has 3 full and 2 half bathrooms, a fireplace, and either a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$39,651 to \$42,651 or from \$10.69 to \$10.97 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$40,254 or \$10.74 per square foot of gross building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$51,000. The subject has an improvement assessment of \$43,256 or \$11.54 per square foot of gross building area. In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the same assessment neighborhood and block as the subject. The comparables are improved with class 2-11, 3-story multi-family buildings of masonry exterior construction each containing 3,748 square feet of gross building area. The buildings are from 49 to 52 years old. The buildings each have a partial basement finished with an apartment. Each comparable has 3 full and 2 half bathrooms, and either a 2-car or a 3-car garage. Comparable #4 has 2 fireplaces. The comparables have improvement assessments ranging from \$43,256 to \$46,256 or from \$11.54 to \$12.34 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted ten suggested comparables for the Board's consideration. The Board gives less weight to the appellant's six comparables which are less similar to the subject in design and building size than the board of review's comparables which are practically identical to the subject in the subject in every respect.

The Board finds the best evidence of assessment equity to be the board of review's comparables which are identical or nearly identical to the subject in location, design, age, building size and most features. These four comparables have improvement assessments ranging from \$43,256 to \$46,256 or from \$11.54 to \$12.34 per square foot of gross building area. The subject's improvement assessment of \$43,256 or \$11.54 per square foot of gross building area matches the two comparables with the lowest improvement assessments of the four best comparables in the record both in terms of an overall basis and a per square foot basis. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's

improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
