

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Hiren Shah
DOCKET NO.: 23-35085.001-R-1
PARCEL NO.: 09-15-207-009-0000

The parties of record before the Property Tax Appeal Board are Hiren Shah, the appellant; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,995
IMPR.: \$22,456
TOTAL: \$27,451

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160), challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 56-year-old, two-story, single-family dwelling of frame masonry construction with 1,634 square feet of living area. Features of the home include a partial basement. The property has a 5,453 square foot site and is located in Des Plaines, Maine Township, Cook County. The subject is classified as a Class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends that assessment inequity as the basis of the appeal. In support of the inequity argument, the appellant's petition lists four equity comparables. These properties are described as two-story dwellings with frame and masonry construction. They range: in age from 56 to 61 years old; in size from 1,549 to 2,266 square feet of living area; and have an improvement assessment from \$11.81 to \$12.64 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal," disclosing the total assessment for the subject of \$27,451. The subject property has an improvement assessment of \$22,457 or \$13.74 per square foot of living area.

In support of the inequity argument, the board of review's notes on appeal list sixteen equity comparables. These properties are described as two-story dwellings with frame and masonry or masonry construction. They range: in age from 56 to 60 years old; contain from 1,632 to 1,777 square feet of living area; and have an improvement assessment from \$13.74 to \$14.71 per square foot of living area.

This matter proceeded to a hearing on June 6, 2025, via the WebEx platform. Participating in the hearing were the appellant, pro se, and Shania (Howell), representative for the Cook County Board of Review.

The appellant presented his case-in-chief by discussing his suggested comparable properties that were previously submitted into evidence.

The board of review rested on the evidence. The appellant closed by stating based on the square footage and property characteristics provided, he is requesting a full reduction.

The appellant presented a closing argument arguing why his respective suggested comparable properties were superior and requested a reduction in assessed value. The board of review rested on the evidence.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proven by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b).

The Board grants the board of review's motion to dismiss as the tax. However, even if the Board considered the appellant's evidence a no change would be found as the property is equally assessed.

The Board finds the best evidence of assessment equity to be appellant's comparable #2, and the board of review's comparables #1, #2, and #3. These comparables had improvement assessments that ranged from \$15.32 to \$17.81 per square foot of living area. The subject's improvement assessment of \$16.81 per square foot of living area falls within the range established by the best comparables in this record. The Board finds that the appellant failed to demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and, therefore, a reduction in the subject's assessment commensurate with the appellant's request is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
