FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: George Karahalios
DOCKET NO.: 23-35144.001-R-1
PARCEL NO.: 02-21-213-021-0000

The parties of record before the Property Tax Appeal Board are George Karahalios, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***A Reduction*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$13,073
IMPR.:	$59,427
TOTAL:	$72,500

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry construction with 5,123 square feet of living area. The dwelling is approximately seventeen years old. Features of the home include a full basement, central air conditioning, two fireplaces and a four-car garage. The property has a 21,789 square foot site and is in Palatine, Palatine Township, Cook County. The property is a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of $725,000 as of *01/01/2022*. The appraisal utilized the sales comparison approach. The appraiser relied on three suggested comparables of dwellings within three miles of the subject property for amounts ranging from $670,000 to $672,000, or between $134.62 and $146.74 per square foot of living

area, land included in the sales price. The appraiser adjusted the sales prices to account for differences between the comparables and the subject property. After applying the adjustments, the appraiser determined the subject's market value was $725,000 as of January 1, 2022.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $82,028. The subject's assessment reflects a market value of $820,280 or $160.12 per square foot of living area, including land, when applying the median level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable properties, none of which contained sales information. The board of review comparable properties had improvement assessments ranging from $70,312 to $77,617 or $13.72 to $14.12 per square foot of living area. The board of review is asking for no change in assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $82,028. The subject's assessment reflects a market value of $820,280 or $160.12 per square foot of living area, including land, when applying the median level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales. The board of review response contains sales information on four all four comparable properties offered. The sale dates range from September 2021 to May of 2022 for amounts ranging from $830,000 to $1,100,000 or $200.14 to $253.13 per square foot.
The board sales information was presented in a static column form, no adjustments were made to account for variance between the properties offered. The board comparable properties range in distance to the subject property from one-quarter mile to the same subarea. The board of review is asking for no change in assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant *met* this burden of proof and a reduction in the subject's assessment *is* warranted.

The Board finds the best evidence of market value to be *the appraisal submitted by the appellant.* The subject's assessment reflects market value above the best evidence of market value in the record. The Board finds the subject property had a market value of $725,000 as of the assessment date at issue. Based on this evidence the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
