

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: George & Marcella Louckes
DOCKET NO.: 23-35146.001-R-1
PARCEL NO.: 02-20-300-007-0000

The parties of record before the Property Tax Appeal Board are George & Marcella Louckes, the appellants, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$17,018
IMPR.: \$36,387
TOTAL: \$53,405

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 3,287 square feet of living area. The dwelling is approximately 19 years old. The home features a basement with finished area, central air conditioning, a fireplace, and a 3-car garage. The property has an 18,909 square foot site and is located in Hoffman Estates, Palatine Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellants submitted information on five comparables located within the subject's assessment neighborhood and within 0.15 of a mile from the subject property. The comparables consist of class 2-78, 2-story dwellings of frame or frame and masonry exterior construction ranging in size from 2,347 to 2,613 square feet of living area. The

dwellings are from 42 to 54 years old. One comparable has a full unfinished basement, and four comparables each have a slab or crawl space foundation. Each comparable has central air conditioning, 1 or 2 fireplaces and a 2-car garage. The comparables have improvement assessments that range from \$16,903 to \$24,619 or from \$7.20 to \$10.38 per square foot of living area. The appellants requested the subject's total assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$53,405. The subject property has an improvement assessment of \$36,387 or \$11.07 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three comparables located within the subject's assessment neighborhood and within the subject's block or approximately 0.25 of a mile from the subject. The comparables consist of class 2-78, 2-story dwellings of frame or frame and masonry exterior construction ranging in size from 2,459 to 3,645 square feet of living area. The dwellings are 19 or 49 years old. Each comparable has a full basement, with one having finished area, central air conditioning, and either a 2-car, a 2.5-car or a 3-car garage. Two comparables each have a fireplace. The comparables have improvement assessments that range from \$28,819 to \$43,627 or from \$11.32 to \$11.97 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellants contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparables for the Board's consideration. The Board gives less weight to the appellants' comparables and the board of review's comparable #1 due to differences in their ages, dwelling sizes and/or foundation types when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review's comparables #1 and #2 which overall are most similar to the subject in location, age, dwelling size, foundation type and most features. These two comparables have improvement assessments of \$35,784 and \$43,372 or \$11.32 and \$11.97 per square foot of living area. The subject's improvement assessment of \$36,387 or \$11.07 per square foot of living area is bracketed by the two best comparables in the record on an overall basis and below these two comparables on a per square foot basis. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
