

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Assure Properties LLC
DOCKET NO.: 23-35477.001-R-1
PARCEL NO.: 28-23-413-037-0000

The parties of record before the Property Tax Appeal Board are Assure Properties LLC, the appellant, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,795
IMPR.: \$8,958
TOTAL: \$10,753

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame and masonry exterior construction with 960 square feet of living area. The dwelling is approximately 63 years old. Features include a slab foundation and a 1-car garage. The property has a 7,980 square foot site and is located in Markham, Bremen Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the subject's assessment neighborhood. The comparables are improved with 1-story, class 2-02 dwellings of masonry or frame and masonry exterior construction ranging in size from 948 to 987 square feet of living area. The dwellings range in age from 65 to 85 years old. Each comparable has a slab or crawl space foundation. Two comparables each

have a 1-car garage. The comparables have improvement assessments ranging from \$8,326 to \$8,567 and from \$8.44 to \$8.92 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$10,753. The subject property has an improvement assessment of \$8,958 or \$9.33 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three suggested equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1-story, class 2-02 dwellings of frame and masonry exterior construction with each having 960 square feet of living area. The dwellings are either 64 or 68 years old. Each comparable has a slab foundation and a 1-car garage. The comparables have improvement assessments of \$9,669 and \$10,204 or \$10.07 and \$10.63 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #2 which are less similar to the subject in age and/or lack a garage, which the subject features.

The Board finds the best evidence of assessment equity to be the appellant's comparables #3 and board of review comparables which are identical or nearly identical to the subject in location, design/class, age, dwelling size, and features. These comparables have improvement assessments ranging from \$8,567 to \$10,204 or from \$8.92 to \$10.63 per square foot of living area. The subject property's improvement assessment of \$8,958 or \$9.33 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
