

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Mikrut
DOCKET NO.: 23-35587.001-R-1
PARCEL NO.: 17-20-309-038-0000

The parties of record before the Property Tax Appeal Board are John Mikrut, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,300
IMPR.: \$44,700
TOTAL: \$54,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story, multi-family building of masonry exterior construction with 3,969 square feet of gross building area. The building is approximately 117 years old. Features include a full basement and three full bathrooms. The property has a 3,100 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables with the same assessment neighborhood code as the subject. The comparables are improved with 3-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 3,639 to 4,158 square feet of gross building area. The buildings range in age from 1 to 145 years old. Each comparable has a full or partial basement and either two or three full bathrooms.

One comparable has two fireplaces. Two comparables each have a 1.5-car or a 3.5-car garage. Comparable #4 has three additional half bathrooms. The comparables have improvement assessments ranging from \$37,633 to \$44,825 or from \$9.75 to \$10.99 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$54,000. The subject property has an improvement assessment of \$44,700 or \$11.26 per square foot of gross building area. In support of its contention of the correct assessment, the board of review submitted information on four comparables that are located in the subject's assessment neighborhood code and ¼ of a mile from the subject. The comparables are improved with 3-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 3,741 to 4,284 square feet of gross building area. The buildings are either 133 or 143 years old. The comparables each have a full basement, one of which has finished area, and either three or five full bathrooms. One comparable has central air conditioning and three fireplaces. Two comparables have either a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$49,625 to \$59,625 or from \$11.93 to \$15.94 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives diminished weight to the appellant's comparables #1 and #3 due to disparities from the subject in garage amenity and/or age. The Board also gives diminished weight to board of review comparables #1, #2, and #4 due to disparities from the subject in basement finish, garage amenity, and/or central air conditioning.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #4 as well as board of review comparable #3 which are overall more similar to the subject in location, design/class, age, gross building size, and most features. The best comparables have improvement assessments ranging from \$40,550 to \$53,928 or from \$9.75 to \$13.59 per square foot of gross building area. The subject's improvement assessment of \$44,700 or \$11.26 per square foot of gross building area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
