

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David R. Allen
DOCKET NO.: 23-35640.001-R-1
PARCEL NO.: 14-29-113-006-0000

The parties of record before the Property Tax Appeal Board are David R. Allen, the appellant, by attorney Brian P. Liston of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$46,875
IMPR.: \$87,649
TOTAL: \$134,524

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame construction with 2,432 square feet of living area. The dwelling is approximately 11 years old. Features of the property include a full basement with finished area,¹ central air conditioning, two fireplaces and a two-car garage. The property has a 3,125 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables that have the same assessment neighborhood code as the subject and are located within .3 of a mile from the subject

¹ The board of review disclosed the subject's basement is finished with a formal recreation room, which was not reported by nor was it refuted by the appellant.

property. The comparables are class 2-78 properties improved with two-story dwellings of frame or masonry exterior construction ranging in size from 2,280 to 2,336 square feet of living area. The dwellings are 21 or 24 years old. Each comparable has a full basement, one or two fireplaces and a two-car garage. Two comparables have central air conditioning. The comparables have improvement assessments that range from \$59,750 to \$64,125 or from \$25.90 to \$27.74 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$63,743 or \$26.21 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$134,524. The subject property has an improvement assessment of \$87,649 or \$36.04 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within the same block and along the same street as the subject or approximately ¼ of a mile from the subject property. The comparables are class 2-78 properties improved with two-story dwellings of frame exterior construction ranging in size from 2,432 to 2,829 square feet of living area. The dwellings range in age from 1 to 10 years old. Each comparable has a full basement with finished area, central air conditioning and either a two-car or a three-car garage. Three comparables each have two fireplaces. The comparables have improvement assessments that range from \$92,250 to \$141,647 or from \$36.17 to \$50.07 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables which differ from the subject in age and none of the comparables were reported to have basement finish, like the subject. Additionally, the appellant's comparable #1 lacks central air conditioning, a feature of the subject. The Board has given reduced weight to board of review comparable #1 due to its newer dwelling age when compared to the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #2, #3 and #4, which are similar to the subject in location, dwelling size, design, age and most features. These three comparables have improvement assessments that range from \$92,250 to \$102,432 or from \$36.17 to \$37.93 per square foot of living area. The subject's improvement assessment of \$87,649 or \$36.04 per square foot of living area falls below the range established

by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
