

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dorothea DiGuido  
DOCKET NO.: 23-35815.001-R-1  
PARCEL NO.: 28-21-219-007-0000

The parties of record before the Property Tax Appeal Board are Dorothea DiGuido, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,680  
**IMPR.:** \$30,320  
**TOTAL:** \$33,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1.5-story dwelling of frame exterior construction with 3,688 square feet of living area. The dwelling is approximately 72 years old. Features include a full basement, central air conditioning, and a 2.5-car garage. The property has a 6,700 square foot site and is located in Oak Forest, Bremen Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1-story or 1.5-story, class 2-04 dwellings of frame exterior construction ranging in size from 2,371 to 2,804 square feet of living area. The homes range in age from 62 to 75 years old. One comparable has a partial basement and three comparables each have a slab or

crawl space foundation. Three comparables each have central air conditioning. Each comparable has a 2.5-car or a 4-car garage. The comparables have improvement assessments ranging from \$12,000 to \$17,000 or from \$5.06 to \$6.56 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$33,000. The subject property has an improvement assessment of \$30,320 or \$8.22 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1-story or 1.5-story, class 2-04 dwellings of masonry or frame and masonry exterior construction ranging in size from 2,030 to 2,378 square feet of living area. The homes range in age from 28 to 96 years old. Each comparable has a full or partial basement and a 1.5-car or 2-car garage. One comparable has central air conditioning. The comparables have improvement assessments ranging from \$17,960 to \$28,623 or from \$8.85 to \$12.04 per square foot of living area. The board of review asserts the assessed values per square foot for the submitted comparables support the subject's assessed value as equitable.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. However, the parties' comparables have varying degrees of similarity to the subject in overall property characteristics. The parties comparables differ substantially from the subject in dwelling size, being approximately 24% to 45% smaller homes than the subject. Further, these comparables present additional differences when compared to the subject in design, age, foundation type, and/or central air conditioning amenity. The parties comparables have improvement assessments ranging from \$12,000 to \$28,623 or from \$5.06 to \$12.04 per square foot of living area. The subject's improvement assessment of \$30,320 or \$8.22 per square foot of living area falls above the range established by the comparables in this record and within the range on a square foot basis. The subject's higher overall improvement assessment is logical considering its considerably larger dwelling size when compared to the comparables in this record. Based on this record and after considering appropriate adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
