

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bob & Michele Doody
DOCKET NO.: 23-36059.001-R-1
PARCEL NO.: 28-30-314-029-0000

The parties of record before the Property Tax Appeal Board are Bob & Michele Doody, the appellants, by attorney Brian S. Maher of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,851
IMPR.: \$22,149
TOTAL: \$27,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame and masonry exterior construction with 1,392 square feet of living area. The dwelling is approximately 36 years old. The property features a partial basement with finished area,¹ central air conditioning, a fireplace and a two-car garage. The property has an 8,820 square foot site and is located in Tinley Park, Bremen Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellants submitted information on four equity comparables that have the same assessment neighborhood code as the subject, three of which are

located along the same street as the subject property. The comparables are class 2-34 properties improved with multi-level dwellings of frame or frame and masonry exterior construction ranging in size from 1,392 to 1,980 square feet of living area. The dwellings range in age from 34 to 36 years old. Each comparable has a partial basement, a fireplace and a two-car garage. Two comparables have central air conditioning. The comparables have improvement assessments that range from \$16,314 to \$22,321 or from \$8.33 to \$15.02 per square foot of living area. Based on this evidence, the appellants requested the subject's improvement assessment be reduced to \$17,372 or \$12.48 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$27,000. The subject property has an improvement assessment of \$22,149 or \$15.91 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject, two of which are located within the same block and/or along the same street as the subject property. The comparables are class 2-34 properties improved with multi-level dwellings of frame or frame and masonry exterior construction ranging in size from 1,167 to 1,449 square feet of living area. The dwellings range in age from 34 to 36 years old. The comparables each have a partial basement with finished area, a fireplace and a two-car garage. Two comparables have central air conditioning. The comparables have improvement assessments ranging from \$20,144 to \$24,476 or from \$16.00 to \$19.92 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable properties for the Board's consideration. The Board has given less weight to the appellants' comparables #1, #3 and #4, as well as board of review comparables #2 and #3 due to their larger dwelling size when compared to the subject or their lack of central air conditioning, a feature of the subject.

The Board finds the best evidence of assessment equity to be the appellants' comparable #2, along with board of review comparables #1 and #4, which are located proximate to the subject and are similar to the subject in dwelling size, design, age and some features. These three comparables have improvement assessments ranging from \$16,314 to \$24,476 or from \$11.72 to \$16.89 per square foot of living area. The subject's improvement assessment of \$22,149 or \$15.91 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for

differences from the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
