

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: KLU HOMES LLC  
DOCKET NO.: 23-36143.001-R-1  
PARCEL NO.: 28-25-325-015-0000

The parties of record before the Property Tax Appeal Board are KLU HOMES LLC, the appellant(s), by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,161  
**IMPR.:** \$6,539  
**TOTAL:** \$8,700

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of frame construction with 1,110 square feet of living area. The dwelling was 73 years old. Features of the home include a crawl space foundation and a one-car garage. The property has a 6,650 square foot site and is located in Hazel Crest, Bremen Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on January 25, 2022, for a price of \$87,000. This sale price reflects a total assessment of \$8,700 and reflects a market value per square foot of living area, land included, of \$78.38 when using the level of assessment of 10% under the Cook County Real Property Classification Ordinance. The appellant submitted Section IV – Recent Sale Data form the Residential Appeal form asserting that the transfer was

not between family members or related corporations, the sale was by a realtor, the property was advertised for sale on the multiple listing services from December 17, 2021, and the property was not sold due to a foreclosure action, but was sold using a contract for deed. The appellant submitted a real estate contract, a warranty deed, and an affidavit of title. Appellant disclosed that this is not an owner-occupied residence. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$11,999. The subject's assessment reflects a market value of \$119,990 or \$108.10 per square foot of living area, land included, when using the level of assessments for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales which took place from March 2021 to May 2022 for sales prices from \$79,000 to \$159,900 or from \$73.63 to \$149.02 per square foot of living area, land included. These properties had improvements that were from 57 to 70 years old and had from 1,073 to 1,215 square feet of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in January 2022 for a price of \$87,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a Realtor, the property had been advertised on the open market with the Multiple Listing Service, and it had been on the market since December 2021. In further support of the transaction the appellant submitted a copy of the sales contract. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present sufficient evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. Based on this record the Board finds the subject property had a market value of \$87,000 as of January 1, 2023. Since market value has been determined the level of assessments for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10% shall apply. 86 Ill.Admin.Code §1910.50(c)(2).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
