

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: JKP Investments, Inc.
DOCKET NO.: 23-36274.001-R-1
PARCEL NO.: 28-04-107-010-0000

The parties of record before the Property Tax Appeal Board are JKP Investments, Inc., the appellant(s), by attorney Mary Kate Gorman, Attorney at Law in Tinley Park; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,438
IMPR.: \$14,562
TOTAL: \$18,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry construction with 1,250 square feet of living area. The dwelling was 50 years old. Features of the home include a full basement and a 2.5-car garage. The property has a 6,250 square foot site and is located in Crestwood, Bremen Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on April 22, 2021, for a price of \$180,000. The appellant asserted in Section VI- Recent Sale Data of the Residential Appeal form that the property was not transferred between family members, was sold by owner, was not advertised for sale, and was not sold due to a foreclosure action or using a contract for deed. The appellant also submitted a settlement statement. The appellant disclosed that this is not an

owner-occupied residence. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$20,999. The subject's assessment reflects a market value of \$209,990 or \$168.00 per square foot of living area, land included, when using the level of assessments for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on three class 2-03 equity comparable properties with varying degrees of similarities to the subject which were located within the same block as the subject. The improvements were 53 years old, had 1,250 square feet of living area, and had improvement assessments from \$11.36 to \$15.65 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in April 2021 for a price of \$180,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold by owner, and that it was not sold due to a foreclosure action or by using a contract for deed. In further support of the transaction the appellant submitted a copy of the settlement statement. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present sufficient evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. The board of review did not submit any comparable sales properties, submitting only equity comparable properties. Based on this record the Board finds the subject property had a market value of \$180,000 as of January 1, 2023. Since market value has been determined the level of assessments for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10% shall apply. 86 Ill.Admin.Code §1910.50(c)(2).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
