Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame exterior construction with 1,331 square feet of living area. The dwelling is 73 years old. Features of the home include a partial basement and a 1-car garage. The property has a 3,075 square foot site and is located in Tinley Park, Bremen Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the subject's assessment neighborhood. The comparables consist of 1-story or 1.5-story class 2-03 dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 1,173 to 1,667 square feet of living area. The homes range in age from 58 to 81 years old. Each dwelling has a 1-car or 2-car garage. One comparable has

central air conditioning, one comparable has two fireplaces, three comparable each have a full basement, and one comparable has a crawl-space foundation. The comparables have improvement assessments ranging from \$8,500 to \$15,075 or from \$6.20 to \$9.04 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$10,888 or \$8.18 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted a copy of the board of review final decision disclosing the total assessment for the subject of \$21,997. The subject property has a total improvement assessment of \$17,846 or \$13.41 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables consist of 1.5-story class 2-03 dwellings of frame exterior construction ranging in size from 1,125 to 1,175 square feet of living area. The homes are each 74 years old. Each dwelling has a full basement, two comparables have central air conditioning, and one comparable has a 1-car garage. The comparables have improvement assessments ranging from \$18,328 to \$19,328 or from \$15.67 to \$16.59 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables #1, #2, and #4, as well as the board of review's comparables #1, #3 and #4, which differ from the subject in age, foundation, and/or either feature central air conditioning or lack a garage unlike the subject. The Board finds the parties' remaining two comparables are similar to the subject in age, dwelling size, and features. These comparables have improvement assessments of \$10,414 and \$18,328 or \$8.88 and \$16.29 per square foot of living area. The subject's improvement assessment of \$17,846 or \$13.41 per square foot of living area is bracketed by the two best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
