

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Daniel DeWalt  
DOCKET NO.: 23-36715.001-R-1  
PARCEL NO.: 28-10-415-046-0000

The parties of record before the Property Tax Appeal Board are Daniel DeWalt, the appellant, by attorney Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,401  
**IMPR.:** \$16,599  
**TOTAL:** \$19,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of masonry exterior construction with 1,200 square feet of living area. The dwelling is 52 years old. Features of the home include a full basement, 1 bathroom and a 2-car garage. The property has a 6,860 square foot site and is located in Midlothian, Bremen Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the same assessment neighborhood as the subject. Two comparables are located on the same street as the subject. The comparables consist of class 2-03, 1-story dwellings of frame, masonry or frame and masonry exterior construction ranging in size from 1,304 to 1,512 square feet of living area. The dwellings are from 48 to 60 years old. Two comparables have full basements and central air conditioning. Two comparables have slab foundations. Each

comparable has 1 or 1.5 bathrooms and a 1-car garage. The comparables have improvement assessments ranging from \$12,340 \$13,715 or from \$9.07 to 9.75 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$19,000. The subject property has an improvement assessment of \$16,599 or \$13.83 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the same assessment neighborhood and block as the subject. Two comparables are located along the subject's same street. The comparables consist of class 2-03, 1-story dwellings of masonry exterior construction ranging in size from 1,080 to 1,269 square feet of living area. The dwellings are from 52 to 61 years old. Each comparable has a full basement with one having finished area, 1 bathroom and from a 2-car to a 3.5-car garage. Two comparables each have central air conditioning. The comparables have improvement assessments of \$17,637 and \$18,637 or range from \$14.69 to \$17.26 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparables due to differences in their dwelling sizes or foundation types when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review's comparables which overall are most similar to the subject in location, design, age, dwelling size, bathroom count and foundation type. The best comparables have improvement assessments of \$17,637 and \$18,637 or range from \$14.69 to \$17.26 per square foot of living area. The subject's improvement assessment of \$16,599 or \$13.83 per square foot of living area falls below the range established by the best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
