

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Roman Wojcik
DOCKET NO.: 23-36717.001-R-1
PARCEL NO.: 28-30-318-007-0000

The parties of record before the Property Tax Appeal Board are Roman Wojcik, the appellant, by Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,427
IMPR.: \$18,573
TOTAL: \$24,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry exterior construction with 1,304 square feet of living area. The dwelling is approximately 68 years old. The property features a full basement and a one-car garage. The property has a 12,060 square foot site and is located in Tinley Park, Bremen Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject property. The comparables are class 2-03 properties improved with one-story dwellings of frame or frame and masonry exterior construction ranging in size from 1,065 to 1,796 square feet of living area. The dwellings range in age from 62 to 74 years old. One comparable has a concrete slab foundation and three comparables each have a crawl space foundation. Comparable #2 has central air

conditioning and a fireplace. Each comparable has a one-car or a two-car garage. The comparables have improvement assessments that range from \$10,305 to \$15,799 or from \$8.80 to \$9.68 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$12,388 or \$9.50 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$24,000. The subject property has an improvement assessment of \$18,573 or \$14.24 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within the same block and along the same street as the subject property. The comparables are class 2-03 properties improved with one-story dwellings of frame or masonry exterior construction ranging in size from 1,120 to 1,336 square feet of living area. The dwellings range in age from 67 to 69 years old. The comparables each have a full or partial basement, two of which have finished area. Two comparables have central air conditioning, one comparable has a fireplace and each comparable has a two-car garage. The comparables have improvement assessments ranging from \$18,573 to \$19,573 or from \$14.42 to \$16.99 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables due to their lack of a basement and/or their larger dwelling sizes, when compared to the subject. The Board has also given less weight to the appellant's comparable #2, as well as board of review comparables #2 and #4 which have central air conditioning, unlike the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #3, which are overall more similar to the subject in location, dwelling size, foundation, age and some features. These two comparables each have a total improvement assessment of \$19,573 or \$16.15 and \$16.99 per square foot of living area. The subject's improvement assessment of \$18,573 or \$14.24 per square foot of living falls below the two best comparables in the record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
