

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brymawr RE LLC
DOCKET NO.: 23-37004.001-R-1
PARCEL NO.: 13-12-201-043-0000

The parties of record before the Property Tax Appeal Board are Brymawr RE LLC, the appellant(s), by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,998
IMPR.: \$68,001
TOTAL: \$82,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story, multi-family building of masonry exterior construction with 5,760 square feet of gross building area. The building is approximately 57 years old. Features include a full basement finished with an apartment.¹ The property has a 4,687 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted five equity comparables located

¹ The parties disagree as to the description of the subject basement. The appellant disclosed the subject had a full basement finished with an apartment, while the board of review asserted the subject had a slab foundation. The Board finds the appellant's description to be more persuasive.

within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 2,691 to 4,182 square feet of gross building area. The buildings range in age from 70 to 75 years old. Each comparable has a full basement with finished area. Three comparables each have central air conditioning. One comparable has a 2-car garage. The comparables have improvement assessments ranging from \$11,500 to \$30,500 or from \$2.91 to \$7.73 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$82,999. The subject property has an improvement assessment of \$68,001 or \$11.81 per square foot of gross building area.

In support of its contention of the correct assessment, the board of review submitted information on three comparables² located within the subject's assessment neighborhood. The comparables are improved with 2-story or 3-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 5,244 to 5,760 square feet of gross building area. The buildings are either 55 or 67 years old. Two comparables each have a full basement and one comparable has a slab foundation. Two comparables each have a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$63,001 to \$68,001 or from \$11.81 to \$12.01 per square foot of gross building area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and board of review comparable #1 due to substantial differences relative to the subject in design, age, gross building size, and/or central air conditioning amenity.

The Board finds the best evidence of assessment equity to be board of review comparables #3 and #4 which are overall most similar to the subject in location, design/class, age, and gross building size with varying degrees of similarity in other features requiring appropriate adjustments to make them more equivalent to the subject. The two best comparables have improvement of \$65,400 and \$68,001 or \$11.81 and \$11.99 per square foot of gross building area. The subject's improvement assessment of \$68,001 or \$11.81 per square foot of gross

² The Board finds board of review comparable #2 to be the subject property as it has the same property index number, physical address, and property characteristics as the subject.

building area matches the improvement assessment of board of review comparable #3. After considering adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
