

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: PIOTR JAKOB
DOCKET NO.: 23-37051.001-R-1
PARCEL NO.: 19-31-406-024-0000

The parties of record before the Property Tax Appeal Board are PIOTR JAKOB, the appellant(s), by attorney Marc M. Pekay, of the Law Offices of Marc M. Pekay, P.C. in Crystal Lake; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,210
IMPR.: \$5,290
TOTAL: \$11,500

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame construction with 1,238 square feet of living area. The dwelling is 71 years old. Features of the home include a crawlspace foundation and a one-car garage. The property has a 19,834 square foot site and is located in Burbank, Stickney Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on June 9, 2023, for a price of \$115,000. In support of the sale, the appellant submitted a copy of the warranty deed and the recorder's printout. The appellant's pleadings regarding Section IV- Recent Sale Data confirmed: the closing date and sale price; that the parties to the transaction were not related; the subject was not sold in settlement of a contract for deed or a foreclosure sale; and that the subject was

advertised for sale. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$11,500.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$22,896. The subject's assessment reflects a market value of \$228,960 or \$184.94 per square foot of living area, land included, when using the level of assessments for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales which took place from December 2020 to November 2023 for sales prices ranging from \$150,000 to \$310,000 or \$104.60 to \$225.13 per square foot of living area, land included. These properties were located within the same subarea as the subject, were 70 to 84 years in age, and had 1,377 to 1,516 square feet of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did meet this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in June 2023 for a price of \$115,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold by owner, the property had been advertised on the open market with a sign on the lawn, and it had been on the market for over 30 days. In further support of the transaction the appellant submitted a copy of a warranty deed and a property transaction recording document from the office of the Cook County Clerk. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. Based on this record the Board finds the subject property had a market value of \$115,000 as of January 1, 2023. Since market value has been determined the level of assessments for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10% shall apply. 86 Ill.Admin.Code §1910.50(c)(2)

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
