

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bruce Ackerman  
DOCKET NO.: 23-37063.001-R-1  
PARCEL NO.: 03-17-305-011-0000

The parties of record before the Property Tax Appeal Board are Bruce Ackerman, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$9,625  
**IMPR.:** \$49,952  
**TOTAL:** \$59,577

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of frame exterior construction with 3,419 square feet of living area. The dwelling is approximately 18 years old. Features of the home include a basement, central air conditioning, one fireplace and a 2-car garage. The property has an approximately 8,750 square foot site and is located in Arlington Heights, Wheeling Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables that are located in the same assessment neighborhood code as the subject property. One comparable is located in Arlington Heights and four comparables each are located in Prospect Heights. The comparables are improved with class 2-78 2-story dwellings of frame or frame and masonry exterior construction that range in size from 3,152 to 3,285 square feet of living area. The dwellings range in age from 51 to 55 years old. Each comparable has a

basement, one fireplace and either a 1.5-car or 2-car garage. Four comparables have central air conditioning. The comparables have improvement assessments that range from \$25,000 to \$33,348 or from \$7.83 to \$10.39 per square foot of living area. Based on this evidence, the appellant requested a reduction the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$59,577. The subject property has an improvement assessment of \$49,952 or \$14.61 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the same assessment neighborhood code as the subject property.<sup>1</sup> Each comparable is located in Arlington Heights. The comparables are improved with class 2-78 2-story dwellings of frame or frame and masonry exterior construction that range in size from 2,845 to 3,347 square feet of living area. The dwellings range in age from 17 to 37 years old. Each comparable has a basement, central air conditioning, one fireplace and from a 2-car to a 3-car garage. The comparables have improvement assessments that range from \$48,527 to \$60,413 or from \$16.62 to \$18.05 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables #1 through #4 due to their location in Prospects Heights when compared to the subject's location in Arlington Heights. The Board has given reduced weight to board of review comparables #2 and #3 due to their smaller dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparable #5 along with board of review comparable #1. The Board finds that these two comparables are most similar to the subject in location, design, dwelling size, and some features. However, the appellant's comparable is older in age, suggesting an upward adjustment would be required to make this comparable more equivalent to the subject. Nevertheless, these two most similar comparables have improvement assessments of \$33,348 and \$60,413 or \$10.39 and \$18.05 per square foot of living area. The subject's improvement assessment of \$49,952 or \$14.61 per square foot of living area is bracketed by the two best comparables in this record. Based on this record and after considering adjustments to the two best comparables for differences from the subject,

<sup>1</sup> The board of review comparables #1 and #4 are the same properties.

the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
