

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Noah Helfand  
DOCKET NO.: 23-38339.001-R-1  
PARCEL NO.: 16-01-414-046-0000

The parties of record before the Property Tax Appeal Board are Noah Helfand, the appellant, by attorney Jeffrey G. Hertz, of Sarnoff Property Tax in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$21,127  
**IMPR.:** \$54,471  
**TOTAL:** \$75,598

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story apartment building of masonry exterior construction with 3,950 square feet of gross building area. The building is approximately 104 years old and features a full basement, central air conditioning, and a 2.5-car garage. The property has a 4,695 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables consist of 2-story or 3-story class 2-11 buildings of masonry exterior construction ranging in size from 3,713 to 4,174 square feet of gross building area. The buildings are 113 or 114 years old. Each

building has a full basement and a 2-car, 3-car, or 4-car garage. The comparables have improvement assessments ranging from \$33,123 to \$41,813 or from \$8.71 to \$10.10 per square foot of gross building area. Based on this evidence, the appellant requested a reduced improvement assessment of \$37,841 or \$9.58 per square foot of gross building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$75,598. The subject property has an improvement assessment of \$54,471 or \$13.79 per square foot of gross building area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and within .25 of a mile of the subject. The comparables consist of 2-story or 3-story class 2-11 buildings of masonry exterior construction ranging in size from 3,440 to 4,050 square feet of gross building area. The buildings are 108 to 123 years old. Each building has a full basement, and one building has central air conditioning and a 2-car garage. The comparables have improvement assessments ranging from \$61,937 to \$69,937 or from \$15.59 to \$18.00 per square foot of gross building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board. The Board finds the parties' comparables are similar to the subject in age and building size, with varying degrees of similarity in design and features. The comparables have improvement assessments that range from \$33,123 to \$69,937 or from \$8.71 to \$18.00 per square foot of gross building area. The subject's improvement assessment of \$54,471 or \$13.79 per square foot of gross building area falls within the range established by the comparables in this record. Based on this record and after considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
