

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Manuel Garcia
DOCKET NO.: 23-38579.001-R-1
PARCEL NO.: 13-23-302-009-0000

The parties of record before the Property Tax Appeal Board are Manuel Garcia, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,937
IMPR.: \$28,378
TOTAL: \$39,315

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story multi-family building of masonry exterior construction with 2,272 square feet of gross building area. The building is approximately 105 years old. Features of the building include an unfinished basement and a 2-car garage. The property has an approximately 3,125 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same assessment neighborhood code and from 0.20 of a mile to 1.10 miles from the subject property. The comparables are improved with 2-story class 2-11 buildings of masonry exterior construction ranging in size from 2,220 to 2,388 square feet of

building area. The buildings are from 100 to 108 years old. Each comparable has a basement, with two having a finished recreation room. Each building has a 2-car garage. The comparables have improvement assessments ranging from \$25,515 to \$27,563 or from \$11.32 to \$11.85 per square foot of building area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$26,196 or \$11.53 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$39,315. The subject property has an improvement assessment of \$28,378 or \$12.49 per square foot of building area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code and located either on the same block or within ¼ of a mile from the subject property. The comparables are improved with 2-story class 2-11 buildings of masonry exterior construction ranging in size from 2,014 to 2,748 square feet of building area that are from 98 to 118 years old. Each comparable has a basement, one of which is finished with a recreation room. Each property has a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$29,687 to \$39,875 or from \$12.53 to \$18.58 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to appellant comparables #1, #2 and #4 along with board of review comparables #2 and #4 which differ from the subject in location, age, building size and/or finished basement area. The Board also gives less weight to board of review comparable #3 which has a per square foot assessment that is approximately 24% higher than the next highest per square foot improvement assessment and appears to be an outlier.

The Board finds the best evidence of assessment equity to be appellant comparable #3 and board of review comparable #1 which are more similar to the subject in location, age, classification, building size and other features. These two comparables have improvement assessments of \$27,563 and \$29,687 or \$11.54 and \$12.79 per square foot of building area. The subject's improvement assessment of \$28,378 or \$12.49 per square foot of building area is bracketed by the two best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
