

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: L.K. Trust Property Inc
DOCKET NO.: 23-38597.001-R-1 through 23-38597.002-R-1
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are L.K. Trust Property Inc, the appellant(s), by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO	PARCEL NUMBER	LAND	IMPRVMT	TOTAL
23-38597.001-R-1	28-11-121-012-0000	3,063	20,437	\$23,500
23-38597.002-R-1	28-11-121-013-0000	3,063	374	\$3,437

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry construction with 6,391 square feet of living area. The dwelling was 62 years old. Features of the home include a slab foundation and central air conditioning. The property has a 8,750 square foot site and is located in Midlothian, Bremen Township, Cook County. The subject is classified as a class 2-12 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on April 1, 2021, for a price of \$235,000 or \$36.77 per square foot of living area, land included in the sales prices. Appellant submitted a master statement, bill of sale, and warranty deed. As the appellant is a corporation, this is not an owner-occupied residence. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$37,999. The subject's assessment reflects a market value of \$379,990 or \$59.46 per square foot of living area, land included, when using the level of assessments for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on one comparable sale which took place in February 2022 for a sales price of \$254,200 or \$57.05 per square foot of living area, land included. This property was in the same subareas the subject, was 60 years old, and had 4,456 square feet of living area. The board of review also submitted two equity comparable properties located within the same subarea as the subject. These properties were 64 or 68 years old, had 3,150 or 3,600 square feet of living area, and had improvement assessments of \$6.30 or \$9.64 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in April 2021 for a price of \$235,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related and the property was sold using a broker. In further support of the transaction the appellant submitted a copy of the bill of sale, a settlement statement, and a warranty deed. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present sufficient evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. Based on this record the Board finds the subject property had a market value of \$235,000 as of January 1, 2023. Since market value has been determined the level of assessments for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10% shall apply. 86 Ill.Admin.Code §1910.50(c)(2).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
