

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Krystyna Habas
DOCKET NO.: 23-38655.001-R-1
PARCEL NO.: 19-32-305-017-0000

The parties of record before the Property Tax Appeal Board are Krystyna Habas, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,239
IMPR.: \$20,059
TOTAL: \$24,298

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 6,783 square foot parcel of land improved with a 50-year-old, multi-level, frame, single-family dwelling containing 1,343 square feet of building area. Amenities of the home include a partial, finished basement, air conditioning, and a two-car garage. The property is located in Burbank, Stickney Township, Cook County and is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted data on three sales comparables. These comparables are described as multi-level, frame or masonry or frame and masonry, single-family dwellings. Amenities of these home include a partial or full basement, air conditioning, and a two-car garage. Two properties have a fireplace. They range in age from 64 to 74 years and contain from 864 to 1,560 square feet of building area. They sold from April 1994 to July 2023 for prices ranging from \$60.90 to \$261.63 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's assessment of \$24,298 which reflects a market value of \$242,980 or \$180.92 per square foot of building area using the Cook County Real Estate Classification Ordinance level of assessment for class 2 property of 10%.

In support of the current assessment, the board of review submitted data on four sales comparables. These comparables are described as multi-level, masonry or frame and masonry, single-family dwellings. Amenities of the homes include a partial finished basement and a two-car garages. Three properties have air conditioning while two have a fireplace. They range in age from 41 to 62 years and contain from 1,128 to 1,388 square feet of building area. They sold from December 2020 to July 2023 for prices ranging from \$237.95 to \$319.15 per square foot of building area.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds the best evidence of market value to be the appellant's comparable #2 and the board of review's comparables #2 and #4. While all the comparables are similar in characteristics and location to the subject, these properties sold closest in time to the lien date and are most reflect of the market as of January 1, 2023. These comparables sold from August 2022 to July 2023 for prices ranging from \$261.63 to \$319.15 per square foot of building area. In comparison, the subject's assessment reflects a market value of \$180.92 per square foot of building area which is below the range of these comparables. Therefore, the Board finds the appellant has not proven by a preponderance of the evidence that the subject was overvalued, and a reduction is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
