

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Satilmis Alegoz
DOCKET NO.: 23-38751.001-R-1
PARCEL NO.: 03-24-317-004-0000

The parties of record before the Property Tax Appeal Board are Satilmis Alegoz, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,233
IMPR.: \$24,766
TOTAL: \$35,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction containing 2,419 square feet of living area. The dwelling is approximately 55 years old. Features of the home include a full basement, central air conditioning and a 2-car garage. The property has an approximately 12,482 square foot site and is located in Mount Prospect, Wheeling Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located in the same assessment neighborhood code as the subject and from .08 of a mile to 1.5 miles from the subject property. The comparables are improved with class 2-04, 1-story dwellings of masonry or frame and masonry exterior construction ranging in size from 1,879 to 2,726 square feet of living area. The dwellings range in age from 52 to 66 years old. Each comparable has a full or partial basement, central air conditioning, one fireplace and a

1.5-car or a 2-car garage. The comparables have improvement assessments that range from \$14,000 to \$19,565 or from \$7.18 to \$8.92 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$19,328 or \$7.99 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$35,999. The subject property has an improvement assessment of \$24,766 or \$10.24 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject and on the same block as the subject property. The comparables are improved with class 2-04, 1-story dwellings of masonry exterior construction ranging in size from 1,877 to 2,039 square feet of living area. The dwellings are 52 or 53 years old. Three comparables each have a partial basement and one comparable has a crawl space foundation. Three comparables each have central air conditioning and one comparable has a fireplace. Each comparable has a 2-car garage. The comparables have improvement assessments that range from \$23,371 to \$24,810 or from \$12.17 to \$12.70 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested equity comparables for the Board's consideration. The Board has given less weight to appellant's comparables #2 and #4 due to their distance of over one mile away from the subject. The Board has given reduced weight to appellant's comparable #1 as well as board of review comparables #2 and #3 due to their differences from the subject in age, foundation and/or central air conditioning amenity. The Board finds the best evidence of assessment equity to be appellant's comparable #3 along with board of review comparables #1 and #4. The Board finds that these comparables are most similar to the subject in location, design, age, and some features. However, each comparable is smaller in dwelling size suggesting upward adjustments would be required to make them more equivalent to the subject. Nevertheless, these most similar comparables have improvement assessments ranging from \$18,060 to \$24,810 or from \$8.49 to \$12.44 per square foot of living area. The subject's improvement assessment of \$24,766 or \$10.24 per square foot of living area falls within the range of the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
